Violence At School Construction Site

Death Of Pastor Under Bulldozer Sparks Racial Riot In Cleveland

CLEVELAND, Ohio (AP) — Cleveland faced its second racial crisis in less than three months today in the wake of a civil rights demonstration that left a Presbyterian minister dead and touched off an all-night wave of rioting and violence.

Civil rights leaders, whose demonstration Tuesday halted construction at an East Side school site, scheduled a noon demonstration at the Board of Education's downtown office building.

The Rev. Bruce W. Klunder, 27-year-old white minister, was crushed to death under a bulldozer during the demonstration at the school site in a predominantly Negro neighborhood.

Fifteen other persons, 10 of them policemen, were injured. Car and store windows were smashed. Police arrested 26 persons, including four juveniles accused of throwing rocks.

Police and civil rights leaders appealed without success to the crowd, which swelled to more than 3,000, to disperse.

Time and again during the afternoon and early evening, mounted police charged into groups that gathered to hurl taunts and missiles, sending demonstrators scurrying behind buildings along Lakeview Road.

It wasn't until early today that police reported the area quiet.

A grim Mayor Ralph S. Locher, who attends the Church of the Covenant where the Rev. Mr. Klunder was assistant minister, said the city would use injunctions and fences to block further demonstrations at school sites in the Glenville area on the east side.

Civil rights leaders, on the other hand, called for greater militancy in speeches at a rally at Cory Methodist church Tuesday night. Ruth Turner, executive secretary of the Cleveland chapter of the Congress of Racial Equality, told the rally plans would be made for a school boycott.

A few hours before he threw himself into the mud behind the bulldozer, the Rev. Mr. Klunder had told another minister he was prepared to risk his life for civil rights.

He was one of about 150 demonstrators and spectators on the scene when the Lakeview demonstration began. Police were posted along Lakeview Road to keep demonstrators out of the construction site, but four persons threw themselves under the wheels of a cement truck entering the project. Police pulled them out and carted them away.

The minister joined a group

Abrams Wins GOP Nomination Over Hutton At Chester

Cashdollar, Kology Also Vote Victors

Mayor And Donald Flowers Paired In Election On June 2

Chester Mayor Harry Abrams was renominated for a second consecutive term by Republicans in the city's primary voting Tuesday which saw Clerk-Treasurer Roy Cashdollar and First Ward Councilman Charles Kology virtually re-elected, according to complete but unofficial returns.

A total vote of 1,173 was recorded — unusually high for a primary in Chester — in the balloting marked by only seven contests in the two parties.

Mayor Abrams was given a 2-to-1 margin over Wayne Hutton, incumbent Fourth Ward councilman, and will face Donald Flowers, unopposed Democratic mayoralty candidate, in the June 2 general election. The vote was:

Abrams	**561**
Hutton	**232**

Abrams served as mayor in 1940-44 and formerly operated a newspaper and magazine store. Hutton, employe at Crucible Steel Co., is currently head of Council's water committee.

Flowers, of Virginia Ave., also a Crucible employe, received 222 votes on the Democratic ticket for the mayor nomination.

Cashdollar, principal at Beaver Local High School, was given an almost 3-to-1 margin over Virgil Hasson of Virginia Ave., a former city clerk. The vote was:

Cashdollar	**590**
Hasson	**200**

This practically assured Cashdollar of a fifth term since the Democrats have no candidate

Mayor Has Private Talk

150 At Wellsville Council But Hephner Case 'Quiet'

A crowd of more than 150, apparently anticipating "fireworks" in regards to the removal of Police Chief John Hephner from office, attended a lengthy meeting of Wellsville City Council Tuesday night.

In reality, no further developments were revealed, although at one point it was suggested by a Wellsville businessman that Mayor William Daugherty also be removed from office "until the entire situation is clarified."

—:—

THE MAYOR came under fire from one councilman in regards to his records and reports. After the session was over, Council held a private meeting in the mayor's office. The mayor requested the meeting to answer questions regarding the events of the day.

Hephner was removed as head of the police department by Mayor Daugherty Tuesday morning on charges of misconduct. The mayor said he has a signed affidavit alleging the chief accepted money for the "purpose of using your position in granting favors to the giver. . . . . "

The crowd quickly filled the Council Chambers, lined up around the walls and kept growing until even the hallway outside the auditorium was filled to capacity. The audience appeared tense at times with only a cough breaking into the drone of routine business being handled by councilmen.

—:—

HEPHNER attended, standing along the wall with his son, Leonard Hephner. Mayor Daugherty stood in the doorway on the opposite side of the room.

A formal answer from Solicitor William Bush in regards to the status of a member of the Civil Service Commission was one of the first items of business. It appeared this would open the discussion as to the dismissal, but it didn't.

Just after the meeting opened, Mayor Daugherty said "I would be grateful if Council will meet with me in my office after handling its business."

Councilman Walter Henthorne asked the purpose of the meeting and the mayor replied "you attend and you will find out."

The mayor went on to explain that the meeting "would be very enlightening and that certain questions would be answered."

—:—

ACTUALLY, only one direct question about the chief's dismissal was asked. It came from Mrs. Dolly Brophey, who was in the audience, near the very end of the meeting. She suggested Council ask for proof, and said she does not believe the accusations made against Hephner.

"He (the mayor) should let the public know," she commented.

The mayor replied "it would be completely out of order."

Henthorne questioned the solicitor in regards to an ordinance covering the removal of a department head from office. It states in part that the mayor should file with Council the reason for the removal. The legislation in the city code does make a provision where there could be an exception and also refers to a state code.

Bush said he would have to study the ordinance and look up the state section.

—:—

HENTHORNE then questioned the mayor's monthly reports and the amounts of money turned over to the city auditor.

The report for March showed $1,030.40 collected in fines and fees. Henthorne said that the reports for November and

Wallace Gets 20% Of Vote In Wisconsin

Alabama Governor Severe Critic Of Civil Rights Bill

MILWAUKEE, Wis. (AP)—Alabama Gov. George C. Wallace, who said he would "shake the eye teeth" of both parties' leaders if he attracted more than 25,000 Wisconsin votes in his campaign against the civil rights bill, won 10 times that many in Tuesday's presidential primary.

But Wisconsin Gov. John W. Reynolds, who headed a favorite - son delegation as the personal choice of President Johnson, won all of the state's 46 Democratic National Convention votes. In the process, Reynolds topped the late President John F. Kennedy's record for the most votes ever won by a Democrat in the primary test.

The Southern segregationist's triumphant assertion that winning nearly one-fourth of the total vote cast in the traditionally progressive Badger state constituted a grass roots referendum that "will send a good message both to the Congress and to the two national parties" was immediately challenged by the other principals.

Rep. John W. Byrnes of Green Bay, the Republican favorite son whose candidacy kept the GOP primary free of serious contenders for the presidential nomination, said, "I don't think this election proves anything at all about the civil rights bill."

With 3,349 of the state's 3,552 precincts reporting the vote was:

Reynolds	483,066
Wallace	246,275
Byrnes	287,632

Chrome Part Solves Case Of Hit-Skip

A piece of matching chrome brought the arrest of a hit-skip motorist Tuesday in Chester.

Patrolman Clifford Bebout said a car owned by Herman Gower of Virginia Ave. was sideswiped Monday night by an unidentified motorist who failed to stop.

A piece of chrome and bits of blue paint were found at the site, and yesterday Police Chief Clarence Lennens and Deputy Sheriff Rex Cowey spotted a blue car with broken chrome

Program At Industry

350 Hear School Redistrict Plan

How Pennsylvania's new school redistricting laws will apply to Western Beaver County were aired at a meeting attended by 350 Tuesday night at the Willows Motel, Industry.

A panel of top school administrators discussed the provisions for changing school districts and answered written questions provided by the audience.

—:—

DR. MILTON J. Eger, secretary of the large Hopewell-Independence - Raccoon School District, outlined the state redistricting program which calls for revision of a number of school areas by 1966.

The proposed changes for Beaver County have already been mapped out and presented to the state. They call for addition of the South Side District to the Hopewell - Independence-Raccoon area, which now has over 4,000 students. South Side has about 1,200 pupils.

The present county plan leaves Midland and Western Beaver unchanged, Dr. Eger reported. The county proposal would provide for 16 administrative units or school districts.

—:—

EACH IS to be governed by a nine - member board, to be elected at-large. At present, in a school merger program, each area elects a member of the Board of Education, it was explained.

Others on the panel at the meeting were William Walters, principal at Midland Lincoln High School; Victor Thomas, supervising principal at South Side, Frank Meredith, supervising principal at Western Beaver.

The moderator was W. Scott Bliss, vice president for development for Geneva College at Beaver Falls.

A question was asked why Midland, Western Beaver and South Side could not be joined as one district.

—:—

MEREDITH replied that the possibility of such a jointure could exist, but that, "You don't always get quality education with large numbers."

As to whether savings are actually realized from redistricting, it was explained that the economy of such a move cannot be determined until the nine-member board can undertake a study of the new programs and operations.

Dr. Eger said under the re-

Federal Jury Indicts 8 Of Steel Firms

Antitrust Charges Cite Conspiracy In Fixing Prices

NEW YORK (AP) — Eight steel companies—including U.S. Steel, the industry's largest—have been indicted by a federal grand jury on antitrust charges.

They are accused of conspiring to fix prices in the 3.6 billion carbon sheet steel business.

Two steel company executives also were named in the indictment, made public Tuesday.

The indictment races to the clash between major steel companies and the late President John F. Kennedy in April 1962. When the companies posted an across-the-board increase of $6 a ton, Kennedy angrily denounced the move as inflationary and the companies rescinded the increase.

After the clash, the Justice Department—headed then and now by the late President's brother, Atty. Gen. Robert F. Kennedy—started a grand jury investigation of the steel industry's pricing methods.

The firms and individuals indicted, with their standings as to size in the industry indicated in parenthesis, are:

U. S. Steel (1) and its assistant general manager for administrative services, James P. Barton.

Bethelem Steel Co. (2) and its former assistant vice president of sales, W. J. Stephens, who now is president of Jones & Laughlin Steel Corp. (5), Armco Steel Corp. (6), Wheeling Steel Corp. (11), and Great Lakes Steel Corp.

Named as co-conspirators, but not defendants, and expected to testify against the others were Youngstown Sheet and Tube Co. (7), Pittsburgh Steel Co. (14) and Granite City Steel Co.

Flash Floods, Tornadoes Hit South States

ATLANTA, Ga. (AP) —Turbulent spring weather lashed parts of the South as torrential rain caused flash flooding in four states and tornadoes hopscotched through the region, leaving mostly minor damage.

The twisters pounced on north Alabama, danced through portions of Georgia and one was reported in South Carolina.

Most of the damage from the storms Tuesday was to farm houses and outbuildings. Trees were uprooted and some utility wires were ripped down. No serious injuries were reported.

A restaurant near Griffin, Ga., lost its roof and damage was estimated at $5,000.

A tornado lifted a smokehouse about 1,000 feet before scattering it on a pasture on a farm near Pauline, S.C.

Denies Misconduct

Chief Hephner To Appeal Removal Action Of Mayor

Police Chief John Hephner today issued a flat denial of charges of misconduct of office leveled against him Tuesday when he was removed from office by Mayor William Daugherty.

The veteran officer said he has obtained legal counsel and will appeal the removal to the Wellsville Civil Service Commission.

The chief was removed from office about 10:20 a. m. yesterday. He was presented a letter by the mayor, informing him he was no longer head of the department. The mayor, in the letter, said he has sworn information indicating the chief accepted money for the purpose of "using your position in granting favors to the giver...."

The mayor said he did not make the charges, but was acting on information presented him.

Hephner commented this morning he has not been shown the affidavit the mayor says he has. "I deny emphatically that I did anything wrong," he said.

He said he does not know what the mayor could be referring to. Hephner said he contacted his attorneys Tuesday. They are Atty. Frank Springer of East Palestine and Atty. Ben Berman of East Liverpool.

The chief said he has 10 days to appeal the removal to the

Grand Jury's Report Expected Late Today

LISBON — The April Grand Jury is expected to wind up its investigation and file a report late today, Prosecutor G. William Brokaw said.

Two cases have been added to the jury's investigation, which will raise the total to 18. The investigation is moving "right on schedule," with 12 witnesses to be heard today in six cases. The session started Tuesday.

The panel is scheduled to to make its usual inspection of the County Jail this afternoon shortly before handing its report to Common Pleas Judge Joel H. Sharp.

Titan 2 Rocket Fired To Open Gemini Tests

CAPE KENNEDY, Fla. (AP) —An unmanned Project Gemini capsule rocketed into orbit today, scoring a resounding success for the United States on the opening shot of its second man-in-space program.

The flight marked a major milestone in the program, and bolstered hopes that the first team of two Gemini astronauts will ride side by side into orbit late this year.

A second, more sophisticated unmanned shot scheduled in the summer will be a determining factor in reaching that goal.

Friday Action Set

Railroad Walkout Looms With Start Of Work Rules

WASHINGTON (AP) — The nation's railroads said today they will put into effect Friday work rules that are the center of a five-year controversy. This is expected to trigger a nationwide rail strike.

The announcement by J. E. Wolfe, chairman of the National Railway Labor Conference, said the action was in response to a strike begun early today by four operating unions against the Illinois Central Railroad.

His statement said:

"The operating unions' assault on the public, launched without warning in the dark of night against the Illinois Central and its customers, is typical of the unions' continued irresponsibility in the featherbedding dispute. As neither the public nor the industry can tolerate this guerrilla warfare, the railroads plan to post their revised rules, as affirmed by the U.S. Supreme Court, at 12:01 a.m. Friday, April 10."

New Car Demolished

NEW CUMBERLAND—Frank J. Tartaglia, 39, of Cleveland escaped unhurt but his new sedan was demolished when he lost control and struck guardrails on Clifton Hill a short distance north this morning at 4:50. He was cited by Hancock County sheriff's deputies on a charge of failure to have his car under control.

Lone Picket Patrols Entrance At Crucible

A lone picket continued a patrol with a placard at the 10th St. gate of the Crucible Steel Co. at Midland today but it apparently involved an electrical contractor working on a project in the plant.

A Crucible Steel Co. spokesman said there was no grievance concerning the plant and the placard referred to the H. A. Anderson Co., which has a contract.

350 At School Panel Session

(Continued from Page 1)

December of 1963 and January of this year were very low, $510, $295, and $317, in comparison. He asked where the money is coming from and would there be anymore large amounts coming in?

Henthorne also raised a question on license fees for pinball machines. He had questioned this before at other meetings.

When he touched on the subject of pinball machines, the mayor again referred to the private meeting he had requested earlier. "What we are dealing in is a very serious nature," he commented in referring to the pinball machines and the removal of the chief.

Henthorne said he would not grant the request for the meeting and the audience cheered.

—:—

THE MAYOR then queried Henthorne about a meeting he was to have attended on pinball licensing. Henthorne had asked for the meeting, but did not appear. During the lengthy discussion Henthorne said he had other obligations.

The mayor ended by asserting that he would like to answer questions on the pinballs and the action taken in regards to Hephner at a private meeting. "I believe the public interest would be much better served," he said. He added the "entire proposition could get out of focus and be clouded."

Henthorne then said he would like a full statement as to all money the mayor has. He made this in a motion. Later it was seconded by Councilman Paul Todd and passed by Council. Henthorne was hitting at the delay in monthly reports from the mayor and the delay in the mayor turning over money collected to the auditor.

In the meantime, a member of audience suggested that if Council does not want to wait for a state examiner to check the mayor's books, a private auditor be hired to make the examination.

—:—

MRS. MARY Rahter, Council president, said it was being "insinuated the mayor was taking money."

Henthorne said "I didn't say anyone was taking any money."

During this exchange, Charles Shaffer, owner of the Shaffer Trucking Co. on Clark Ave., suggested the mayor be removed from office.

The mayor had said the reason for his reports being late was because of the illness of his mother the latter part of 1963. She died in January.

He said his reports are up to date and that he is working with Auditor Edgar S. Davidson. He said he is preparing the complete March report now. He said receipts had been given for all money received. He said the state examiners would be "very interested" if they thought he was taking money.

—:—

ON THE suggestion that the mayor be removed from office, Bush said there are two methods, either "vote him out at the polls" or have a recall in which a petition is circulated by residents for his removal.

"The citizens put him in, the citizens have to take him out," the solicitor said.

Henthorne asked the mayor if he appointed a Planning Commission. The mayor said no. Henthorne then raised the question as to what could be done to force this. Bush said it would necessitate a mandamus action.

During the discussion, most of the other councilmen remained silent.

Following the meeting, Council went to the mayor's office for the private conference.

—:—

IN REGARDS to the legal status of Richard Lloyd on the Civil Service Commission, Bush explained in a three-page letter that it would take court action to provide the final opinion.

Lloyd was named to the commission by Daughterty as a Republican member. Charges were made that Lloyd is a Democrat. He claims he leans to the Republican party. Bush said that records show, and Lloyd admits, that within the past 10 years he has "voted two or three times in the Democratic primaries."

Bush said he asked for a ruling from the attorney general's office, but was told it would have to be decided by court.

Bush said that in view of the answer received from the attorney general's office, it would be presumptuous on his part to give a ruling.

—:—

QUERIED BY Todd as to what recourse is left open, Bush said somebody would have to file a request for a hearing in Common Pleas Court. He said it doesn't clarify the matter any.

Any appeal that Hephner may file will have to go before the Civil Service Commission.

The question then came up as to what the commission is doing. They mayor said the commission has been functioning and will hold an examination this month to provide an eligibility list for city patrolman.

Charles Amato, an extra patrolman, already has a suit in Common Pleas Court asking he be named to the vacancy on the department.

In reply to other questions, Bush said it would have to be decided by a court as to whether any examinations given by the commission would be legal if later the commission was ruled illegal.

Wellsville Police Test Planned For April 30

The Wellsville Civil Service Commission has announced an examination will be held April 30 to establish an eligiblity list for city patrolmen.

The exam will be held at the City Hall at 7:30 p. m. The age limit for applicants is 21 to 31. They also must be a resident of Wellsville.

A physical examination will be required before appointment. The deadline for filing for the test is April 27. There is a vacancy on the force.

The commission said the present eligibility list will be null and void as of today. Application blanks may be obtained from Donald Lowe, 406 Broadway, the clerk, or Ralph Grafton in the water department at City Hall.

All should be returned to Lowe. The commission includes E. M. Welch, chairman, Donald E. Miller and Richard N. Lloyd.

that raced through back yards to get around police lines and enter near the rear of the project.

The bulldozer driver, John White, 33, of Mentor, told police he saw three people "throw themselves down in front of me. There were two girls and a man.

"I kept my shovel up because I didn't want to hit anybody with it," White said. "The shovel was hanging over those people so I backed up. I didn't know another man was lying behind me.

"I backed up all the way over him, and that was the first I knew I had run over anybody." The tread of the bulldozer passed over the minister's shoulders.

Police cleared White of responsibility in the death.

Dear friends,

What does a funeral cost? We can answer that very frequent question by saying that the family we serve always decides what the cost shall be. It is purely a matter of selection.

Where economy is desired, the costs can be kept within very normal limits. Regardless of selection, every modern facility we have is included in the service.

Information concerning prices is always available.

Incompatible Goals

If the Johnson administration insists in bearing down on a theory that overtime pay penalties will spread employment, it will have to dig up evidence to that end.

The evidence will be hard to find.

The Johnson administration is in the awkward position of having to admit it didn't work that way with time and a-half overtime penalties but would work that way with double-time penalties. Its argument is shaky.

Aside from overtime penalties that haven't caused employers to hire more people, the United States is grappling with another economic fallacy — that high normal and overtime wage rates are compatible with a high rate of employment.

OF ALL MAJOR industrial nations, the United States is the only one plagued with a stubbornly high total of unemployment. Even discounting the high rate of unemployment by making allowances for wobbly statistical information, Americans are beginning to see how marginally employable people have been frozen out of the job market by arbitrary restrictions.

Vast amounts of work that could be done by potantial employes whose wages can't be afforded is left undone or is done by potantial employers, especially in the category of domestic service.

High wage rates and ever-thicker fringe benefits have subsidized do-it-yourself projects and automation.

ELEVATORS formerly were run by employes now are run by automatic controls.

Stores that once employed clerks now employ cashiers.

Hundreds of thousands of people whose efforts could be turned to good account are jobless because no one can afford to hire them. They can claim more income doing nothing than they could claim if they worked at realistic wage rates. But realistic rates are forbidden by law.

More jobs by penalizing employers with double overtime rates? Who says so?

Praise And Criticism

A sad but undeniable truism was voiced Monday night at East Liverpool Council's meeting by George McGaffic of the East End who commented, "Citizens are quick to criticize, but slow to praise" city employes.

There are many policemen, firemen, street workers and other municipal workers who daily perform their jobs with efficiency and beyond their duties.

This is not to say that there aren't others who fail to measure up to their responsibilities at all times. But then, how many in private business or industry meet every standard?

The man in the street, who would become incensed should some one attempt to evaluate his job without full knowledge of it, feels free to pass judgement on government operations from the city through state and federal levels.

This is as it should be, for unfettered criticism of government is perhaps the chief safeguard of our democratic rights and an insurance on getting our tax money's worth.

But, as Mr. McGaffic suggests, it would be well to be proportionally free with commendation for especially good work performed with our tax money.

In fact, we all could improve the quality of our criticism which is too often boring, pointless and unfounded. Criticism should be constructive, based on fact, and offered with imagination and a touch of humor to make it palatable.

If we are going to make progress in terms of community improvement, we are all going to have to sharpen our skills as critics. And a good place to practice would be in our own jobs, our own homes and our own neighborhoods.

Not Wholly Ignorant

Nothing baffles participants in the American two-party system of government more deeply than the Russian one-party system. Bafflement is compounded whenever the Russian system throws an insider out of the political sleigh. How far can absolutism be carried?

Three of the dwindling handful of Stalinists, who once believed in shooting outcasts at the base of the skull, now have sustained the more humane modern punishment for getting out of step with the "ins." Messrs. Molotov, Malenkov and Kaganovich, once the cream of the Communist party hierarchy, have been unfrocked — deprived of party membership. All had been out of power for many years.

IS THIS more baffling than comparable situations in the two-party system?

In Washington, we have "ins" and "outs." These factions exist inside the party in power. They quarrel incessantly —as incessantly as "ins" and "outs" in Russia's party in power.

The "outs" are denied party chairmanships and patronage. They live in outer darkness. Their pictures are turned to the wall in all the smoke-filled rooms. They and their constituents are made to feel the sting of the lash.

They are dispatched to faraway places on diplomatic missions as fruitless and obscure as running hydroelectric plants in Outer Mongolia. They are made to know that whatever bad fortune befalls them will be none too soon and that their names are never mentioned in the White House or snuggeries where the "ins" make momentous decisions.

IN SHORT, Americans are not wholly ignorant of what it means to be read out of the Communist party in Russia.

To be sure, there's no other party to flee to in Russia, but how often does it happen in the United States that an outcast finds refuge in the loyal opposition?

His only recourse is to talk himself to death in the U.S. Senate and try to take the country with him.

Better Crime Investigation

Ohio Atty. Gen. William B. Saxbe covered some important ground when he spoke in Canton last Thursday. His support for a statewide system of crime detection and investigation puts an old subject back into focus.

This is why the Bureau of Criminal Identification at London exists. It is why the bureau should be beefed up. It is why there is a revival of interest in beefing up the bureau every time a small police department or an undermanned sheriff's department is caught short.

Atty. Gen. Saxbe speaks of a state-operated crime detection and investigation network — and about doubling the personnel of the BIC and furnishing up-to-date facilities 24 hours a day. He wants more resident investigators who can step into a crime situation on short notice and take charge.

Police departments in cities of substantial size have adequate personnel for this work and most of the equipment needed to do good work. But police and sheriff departments in smaller places must call for outside help when they get a tough case, or run the risk of botching the job.

This what Atty. Gen. Saxbe is talking about. He is optimistic about crime control in general, but he would be more optimistic if the state possessed a professional network to cope with the problem. All of us who remember how many investigations have been mishandled in one degree or another for lack of competent direction hope Atty. Gen. Saxbe can get somewhere with is proeect for favorable action in the next General Assembly.

Purely Personal

Everybody else in the civil rights issue is granted the right to speak his mind, but when Negroes speak their minds, well, uh, that's another matter, isn't it?

When I take over, one day will be set aside each Spring for fun and games. It used to be May 1 in olden times, but too many serious movements have taken over that day. May 2 might work out all right for letting off pent-up steam.

From my office I have a view of a warehouse roof favored by pigeons. Though pigeons as an overhead menace in cities are without friends, I confess that as through-the-window companions they keep me amused throughout the year.

Some of the people who deplored Astronaut John Glenn's lack of political experience astonished me, including former President Eisenhower's brother Milton. Col. Glenn was running only for the U.S. Senate, not the presidency. I ask you, sir, what did brother Dwight D. know about politics in 1952?

I have quit being impressed with a mere 750 seedling trees I am going to plant on our miniscule holding in Rosy Fingered Dawn. Whenever I mentioned this to other landholders, they told me how many thousand seedlings they were scheduled to plant this year. At this rate, all the shopping centers and parking lots soon will be surrounded by the forest primeval.

As taxpayers, we are about to rebuild Alaska's crumpled real estate, an investment as hard to justify as irrigating Western deserts when we are raising more food than we know what to do with. Not that I dislike Alaska. It's a wonderful place, but not for real estate.

All other theories about teen-age trouble aside, I cling to my notion that "proximity is the mother of invention." Slums in big cities and autos elsewhere have brought juveniles together without adult supervision. What follows is often a sad and terrifying story.

I wondered at the time whether Douglas MacArthur ever actually thought of himself as a presidential candidate, or whether the 1951 boomlet in his behalf was one of those fits of political hysteria staged to scare the pants off the old pros — and Gen. MacArthur knew it all the time.

U.S. Gains From Brazilian Overthrow

By BERT QUINT
MEXICO CITY

The fragile concept of democracy in Latin America may have been bruised by the brusk overthrow of Brazil's President Joao Goulart but both Brazil and the United States stand to gain from it.

In this part of the world, democracy is more an ideal than a reality, something that most leaders pay lip service to, but subordinate to the interests of the minorities which wield the power in their countries.

Only a few Latin nations have truly democratic governments. Several others, including Brazil, have achieved elements of democracy: a popular vote which sometimes is respected, freedom of the press, speech and assembly.

Brazilians love the idea of democracy, many of them figuring that democracy means that everybody can do whatever he pleases. But Brazil has been plagued by two evils.

THE FIRST is a common one in Latin America: Men who, once having attained the presidency, consider themselves above the constitution which establishes its duties and powers. Getulio Vargas, who was dictator between 1930 and 1945 and then elected president again in 1950, only to end up committing suicide four years later, was such a man. Joao Goulart, who got his political start in the second Vargas administration, looked as though he would be another.

The second evil is the divine-right attitude of the armed forces, who consider themselves the watchdogs of the constitution and feel they have the right to overthrow a president if they think the president is abusing the constitution — a feeling shared by much of the populace.

Whenever the military sets itself above civilian rule as a judge of civic right and wrong, the march toward Western-style democracy based on civilian leadership is slowed.

It was detailed last year in Guatemala, the Dominican Republic and Honduras when army officers in those countries charged the same thing that the Brazilian officers charged when they began their uprising—that their president was steering their nation toward Communism.

There is, however, one important difference. In those countries the accusation was false, a pretext for the outs to get in. In Brazil there is considerable evidence to back up the charge.

GOULART, HIMSELF, probably is not a Communist. He is, however, an opportunist who co-operated with the Communists to bolster his own position, a demagogue, and a man who did untold harm to his country's econome.

A former minister of labor in a country where the unions are Red - ridden and corrupt, his principal support came from these unions. He was vice president when Janio Quadros resigned in August 1961, at a moment when Goulart had just ended an official visit to Communist China.

The army did not trust him then, considering him too far left for the country's good. It opposed his succession to the presidency until a compromise was reached whereby a parliamentary system was established taking much power from the president.

Goulart was inaugurated in September 1961, and since then —especially after getting full presidential powers restored by a plebiscite in January 1963— he has headed farther left.

Economically he did nothing to stop the inflation that has sent the cruzeiro plunging from about 350-to-the-dollar in January 1962 to about 1,700-to-the-dollar just before the rebellion. In fact, he aggravated it by permitting laborers to strike for 100 per cent raises every six months and granting them advantages equivalent to a pistol at the head of their employers.

Goulart's nationalistic moves against foreign capital, including measures limiting the repatriation of profits, cut foreign investments down to almost nothing.

HE DECREED a state monopoly on all petroleum imports and, in the face of bitter opposition from the land-owning class — which normally bucks agrarian reforms in Latin America for selfish reasons anyway, but at this time felt itself particularly abused — decreed that all large estates bordering federal highways and railroads be broken up.

Internationally, he continued to recognize the regime of Fidel Castro in Cuba, along with only Mexico, Chile, Uruguay and Bolivia in Latin America.

He fought most American attempts to rally action against the Cuban premier on grounds that the principles of self-determination and non - intervention must be upheld. He made a pitch last month for more Communist support by urging legalization of the Brazilian Communist party, which has been illegal for years.

Recently Goulart had acted more and more like a dictator. A short time ago, he had tried to force Congress, which he had been ignoring by issuing decrees over its head, to give up its exclusive law-making powers. Unless it did what he wanted to do, he had warned, there would be civil war.

Thus fell another Latin American government. But where in the past the toppling of a constitutional regime usually hurts the United States and indirectly helps the cause of Communism, this time the reverse well may be true.

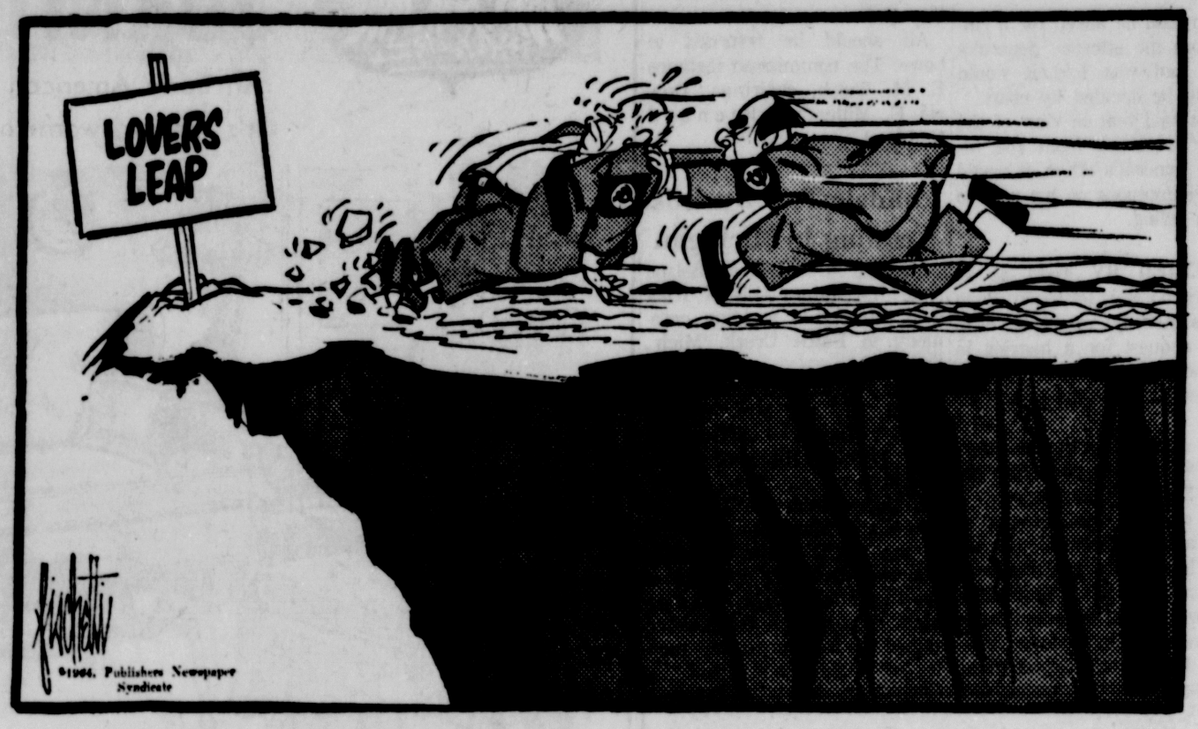

Now, the area's largest country probably will take a much more moderate tack, one which will strengthen its economy. Needless to say a more stable Brazil is less likely to turn Communist.

IT WILL BE a relief to the United States, whether it admits it or not, to have a less radical government in Brazil. Brazil and Mexico have been the leaders of the so-called independent bloc of Latin nations which have snubbed U.S. desires on numerous points, especially that of Cuba.

With Brazil now likely to be more moderate and perhaps even to break relations with Castro, this bloc will have much less influence on the other Latin countries. This could mean an increase in American influence throughout the hemisphere.

Much depends on whether the military returns the government to civilian control. Judging from its past adventures in government when it has done just that, there is reason to believe that democracy will get another and perhaps better opportunity. Already, Pascual Ranieri Mazzilli, president of the Chamber of Deputies, who was constitutional in line for the job, has been named president.

Democracy, then, may have lost a round in Brazil but the United States' chances of winning the battle to keep Communism from spreading in Latin America seem to have been improved.

Fireworks Loom In Railroad Violence

By VICTOR RIESEL

One of the "sleeper" stories creeping up on the headlines is a full report of the violence which hit the Florida East Coast Railway (FEC) after it was struck by 11 unions more than a year ago. This is the only rail route which leads into the harrassed, labor troubled, behind-schedule Merritt Island "moonport" and secret "Titan III" missile site alongside the Cape Kennedy space base.

Victor Riesel

This violence ended on the night of March 12, when the FBI staked out 18 special agents and a relay of five unmarked radio cars in and around the bushes at an Indian River County, Fla., railroad trestle.

That night the government agents watched three men wire 50 pounds of dynamite sticks to the bridge tracks spanning a 30-foot canal.

I was in the county at that time and can vouch for the meticulous care taken by the G-men. They cut the dynamite loose before it could explode under an oncoming southbound freight train. In the following hours they arrested three strikers and charged them with violating the federal train-wrecking statute.

Then on March 25 they picked up John Katsikos, recording secretary of Local 555 of the Brotherhood of Railroad Car Men in Miami. These men are innocent until proven guilty and there is no evidence of links with their unions, which have been on strike for more than 14 months.

A FEW HOURS after the first arrests, I drove to Jacksonville to pick up a full report on the terror hurled at the railroad, its employes and its property. I've spent weeks checking it out. It contains 243 acts of violence, vandalism and brutal assaults. I analyse them here in the fervent hope that so much revulsion will be stirred against such acts that they never again will be used by anyone regardless of the issues.

Since Jan. 23, 1963, sabotage and dynamite have derailed 177 railroad cars and 22 locomotives.

Wires were strung across the tracks at a height level with a man's neck. Thus, if he were riding in an improvised open vehicle which preceded some trains he could have been decapitated.

Rifle fire blasted picture windows of homes of some non-striking employes. Men were beaten.

On May 7, when some employes were repairing damaged cables at Fort Pierce, a man in a car drove at them at high speed many times—and applied the brakes only at the last moment and last few inches before he would have hit them.

ROCKS AND GUNFIRE hit the cabs of fast locomotives. Signal systems were sabotaged, thus endangering the non-striking train crews. "Molotov cocktails" (gasoline containers which explode) were hurled at railroad property.

Paint bombs made of light bulbs were thrown at the homes of company executives in New Smyrna Beach. Smear bombs were created by whiskey bottles filled with red paint.

Some police who attempted to keep order were attacked. One patrolman was stopped by a road block on July 19. He was pulled from his car and beaten. His auto was found wrapped around a pole. Another officer received anonymous phone calls threatening his life because he had been trying to prevent violence.

There have been explosions, burning of property, fire on bridges, slashing of cable and air hose, steel rods placed in rail joints, roofing nails thrown on roads approaching the railroad offices along the line; a chain strung across the tracks, entrances blocked until sheriff's men arrived and dynamite hidden in boiler tubes so it would explode when hit by heat.

THERE IS NO DOUBT that leaders of the national striking unions and the heads of the five on-train brotherhoods, which have respected the picket lines, are alarmed by the local violence.

Recently I talked with Charles Luna, president of the Brotherhood of Railroad Trainmen. He was aghast at what he heard and on March 24 wrote me the following:

"Bombing and violence have no place in labor disputes in this country. . . we are strongly opposed to any such measures, and. . . any member of this organization found guilty of such practices will be expelled. . . ."

Then, referring to the men charged with planting the dynamite, Luna added:

"These men will, of course, have legal defense, inasmuch as the presumption of innocence is a vital part of American law and tradition. This is not to say that their defense will be bourne by the brotherhood. But they are certainly entitled to a defense and to the security of trial by jury in American courts.

"As you know, two of the men charged with the dynamiting are members of the Brotherhood of Railroad Trainmen, and they will be subject to the same interpretation of our law as anyone else, that is, should they be found guilty of violation of the law and a breach of their duty to the Brotherhood, they will be expelled. But first they are entitled to a free and fair trial."

THERE MAY BE others who will find themselves in court. The FBI is continuing an intense investigation, for it is not satisfied that it has found all who should be apprehended.

But the number of suspects is not all important. What matters is that violence helps no cause and civilized progress is retarded. Jungle tactics must be smashed once and for all time.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — The clerk of the Beaver County Commissioners announced that there were 1,875 Republicans and 212 Democrats registered in Midland.

The 75th anniversary of Riddle Masonic Lodge 315 was celebrated with a dinner and special program.

Joseph Hayes, fire chief at East Palestine for 46 years, was honored at a testimonial dinner.

TWENTY YEARS AGO —It was reported the East Liverpool waterworks department collected $30,365 from current and delinquent accounts during the first quarter of 1944.

O. B. Kessel of Ridge Ave. was appointed caretaker for the roadside park in the east end of Wellsville.

Miss Catherine E. Walker was named troop leader of the newly-organized Girl Scout Troop 12 of St. Aloysius Catholic School.

TEN YEARS AGO — James McSweeney of Wellsville was elected vice president of the Columbiana County Bar Association.

Mr. and Mrs. Russell W. Davis, formerly of Chester, moved to Mesa, Ariz.

Atty. James Jordan was named Chester city solicitor at a meeting of the new City Council.

Odd Facts

Some Sahara Desert oases offer shade for hardly half a dozen men and their camels; others support five or six densely populated villages and cover 20 or 30 square miles.

Two Komodo dragons, largest of all living lizards were given to Washington's National Zoo recently by Indonesia's Premier Sukarno. The reptiles are the only ones living in captivity in the United States.

Today In History

Today is Wednesday, April 8, the 99th day of 1964. There are 267 days left in the year.

Today's highlight in history:

On this date in 1918, the first air squadron of the United States Army was assigned to duty. At the time, it was the only one that had seen active duty, having served in the Mexican Expedition under General Pershing in 1916.

On this date

In 1513, Ponce de Leon landed in Florida.

In 1663, the Drury Lane Theater opened in London.

In 1847, Gen. Winfield Scott began his march along the historic route of Cortez from Vera Cruz for the invasion of Mexico.

In 1942, the Japanese invaded the Admiralty Islands.

In 1952 President Truman seized the steel industry to avert a nationwide strike but the Supreme Court later ruled the seizure illegal.

Ten years ago—Eleven crewmen were killed in the crash of an American plane off Honshu Island, Japan.

Five years ago — The Southeast Asia Treaty Organization Council of Ministers met in a conference devoted mainly to economic problems.

One year ago—The Wheeling Steel Corp. announced a selective price increase, almost exactly a year after President Kennedy had used his power and prestige to force the industry to rescind a price rise.

on the slate for the general election. However, write-in votes will be permitted in the general election, though they were not allowed in yesterday's primary. There were a number of write-ins on ballots but they were ruled invalid.

Democratic First Ward Councilman Charles Kology, with a strong margin over Robert Reed of Indiana Ave., also was virtually assured of a fifth term, since there is no Republican candidate in that ward. The vote was:

Kology	95
Reed	26

In the three other Republican contests for Council, winners were Richard Johnston in the Second Ward, incumbent Donald Hissam in the Third Ward and Walter McSwegin in the Fourth Ward.

Johnston, a school teacher in East Liverpool, won the Second Ward nomination over William Wedgewood, clay shop foreman at the Taylor, Smith & Taylor Co.:

Johnston	143
Wedgewood	69

In the Third Ward, Hissam won nomination for a third term over Herman Gower, bakery operator and former councilman:

Hissam	102
Gower	63

McSwegin, a former councilman and employe of the Weirton Steel Co., posted a sizeable win over Mrs. Mary Hindes, a pottery worker and possibly the first woman to run for a Council seat in the city. The vote was:

McSwegin	144
Hindes	53

Percy Willison of Pyramus St., barber and former Fifth Ward councilman, was nominated without opposition. Councilman Donald Chaney, incumbent, did not seek re-election. Willison got 114 token votes.

In the only other Democrat race, George Davidson of Florida Ave., a pottery worker, edged Elmer Robinson of Knowles Alley for the Fourth Ward Council nomination. Robinson is a Hall China Co. worker. The vote was:

Davidson	60
Robinson	51

Unopposed on the Democratic slate were Brooks Ash of Indiana Ave., a pottery employe, for Second Ward Council, Frank Decapio of Indiana Ave., a T S & T employe, for Third Ward, and Albert Cronin of Lycia Ave., owner of a home improvement concern, for Fifth Ward.

The token vote for the three was Ash, 54, Decapio, 29, and Cronin, 29.

The total vote was higher than the 1,119 of 1962 and the 998 of 1960, and was apparently a reflection of the interest in the mayoralty race.

The ballot results are scheduled to be certified at a meeting of Council tonight at 7:30. Quarterly reports are also to be filed.

The breakdown on the voting by wards was:

First Ward—Abrams 63, Hutton 16, Cashdollar 54, Hasson 23, and Flowers 62.

Second Ward — Abrams 146, Hutton 68, Cashdollar 165, Hasson 50, and Flowers 43.

Third Ward — Abrams 115, Hutton 52, Cashdollar 126, Hasson 40, and Flowers 25.

Fourth Ward — Abrams 151, Hutton 49, Cashdollar 148, Hasson 51, and Flowers 70.

Fifth Ward — Abrams 86, Hutton 47, Cashdollar 97, Hasson 36, and Flowers 22. The slates for the June election are:

REPUBLICAN

Mayor—Harry Abrams.

Clerk—Roy Cashdollar.

First Ward Council—No candidate.

Second Ward Council—Richard Johnston.

Third Ward Council—Donald Hissam.

Fourth Ward Council—Walter McSwegin.

Fifth Ward Council — Percy Willison.

DEMOCRATS

Mayor—Donald Flowers.

Clerk—No candidate.

First Ward Council — Charles Kology.

Second Ward Council—Brooks Ash.

Third Ward Council — Frank Decapio.

Fourth Ward Council—George Davidson.

Fifth Ward—Albert Cronin.

Civil Service Commission. A public hearing will follow.

The evidence held by the mayor would have to be presented at this time.

The mayor said Tuesday no criminal charges are contemplated. He said it would be a Civil Service action. He said the alleged affidavit shows the chief accepted money. He refused to elaborate.

The chief was suspended for a week in January on a disagreement with the Safety-Service Director Fred Baldasare over the preparation of a work schedule. The chief did not appeal this suspension. There was not a full Civil Service Commission at the time.

If the removal is upheld by the commission, the appeal can be carried to Common Pleas Court.

It was indicated at a meeting of City Council last night that information regarding the case would be presented to the Council members at a private meeting with the mayor in his office.

One of the councilmen said today that no such information was revealed.

districting, taxes would remain about the same.

Although the proposal to redistrict indicates some savings will be made in administrative costs, some purchasing and elimination of some duplication, it is aimed at offering a better education for students, one panelist explained.

—:—

THIS IMPROVEMENT comes from a lowering of the per pupil cost of education with the same adequate program. The per pupil cost at Midland is currently about $607, while at Western Beaver it is $260 in the elementary schools and almost $400 at the high school.

At South Side, the per pupil cost is almost $500.

The Midland Board of Education recently ordered a feasibility survey on the possibility of joining with Western Beaver district.

Western Beaver officials have indicated a preference to remain as the district exists, but said "an open mind is being kept on the subject."

—:—

SOUTH SIDE authorities have also asked to remain in the present school structure.

John Joseph, president of the Western Beaver Development Committee, welcomed the group. The purpose of the meeting was explained by Mrs. R.D. Paisley.

Homer Paul of Industry, chairman of the education committee, introduced Bliss, who listed the panelists.

Carl Yastrzemski's .321 batting average in 1963 was the fourth lowest ever to win an American League hitting crown.

Trial Slated April 17 In Youth's Entry Case

Municipal Judge Samuel M. Chertoff today granted a defense motion for a continuance and set a hearing April 17 at 9 a. m. for James Lee Hughes, 18, of 1250 Chaffin St., charged with the burglary of an East End grocery early Saturday.

Atty. George A. Aronson, representing the high school athlete, told the court he had just entered the case and wished time to consult with his client. The court continued Hughes' $1,000 appearance bond.

Police said Hughes was apprehended while in a grocery at 1258 Pennsylvania Ave. operated by Earl H. Ohnezeit.

and stopped the driver, Gail Britton, 56, of Washington St., Newell.

The chrome matched a broken part on the car, as did the paint, and after some questioning, Britton said the collision had occurred.

He was unable to explain why he didn't stop, adding he has insurance. He is slated for a hearing Monday before Mayor Harry Abrams for leaving the scene of an accident.

Charles Streets, 25, of Chester R. D. 1 is scheduled for a hearing Saturday before Mayor Abrams for ignoring a traffic signal at 6th St. and Carolina Ave., a school crossing area.

Patrolman Clifford Bebout, who made the arrest, issued a warning for motorists to be especially cautious at the intersection.

Board Of Utilities Acts

Rule To Allow Inspection In Check On Downspouts

The Board of Public Utilities announced today a new regulation providing for the inspection of downspouts to determine whether or not they are connected to the sanitary sewer system will go into effect late this month.

The resolution will become effective following publication of a legal notice three times, advising the property owners and occupants of the plan, the board said. The first notice will be published in The Review this week.

Customers whose downspouts are connected to the sanitary sewer system will be given 60 days in which to comply with regulations after which connections will be severed, the board said.

The board explained that during heavy rains a "tremendous amount" of storm water floods the sanitary sewer system and causes water to back up into basements of homes throughout the city.

The flooding is most prevalent in the Bradshaw Ave. area near Ambrose Ave., Avondale St., Maplewood and Pleasant Heights areas, the board said.

Before enacting the resolution, the board secured an opinion from Solicitor Joseph W. Cooper that it could authorize inspections of property.

The resolution reads in part: "The owner and /or occupant inside or outside the city whose property is connected to the city's water or sewage system shall permit a representative of the sewage department at reasonable times to enter on the premises served and inspect all connections with the sanitary and storm water sewers.

"If the representative finds they are connected illegally to the sanitary or storm water systems, the expense of correcting the condition shall be borne by the property owner.

"On failure of the owner or occupant to permit inspection, the representative shall cause connections to be severed and the premises will not be reconnected until permission is given and the expense incurred by the city is paid.

"Customers found in violation will be given a 60-day notice to comply."

The board said all calls regarding whether or not they are properly connected should be referred to the municipal sewage disposal plant. The number is 386-5525.

Merchants Launch Plans For Election Of Officers

Preparing for the annual election of officers, Dayton Allen, chairman, appointed a three-man nominating committee when the East Liverpool Merchants Association met Tuesday at the Chamber of Commerce office.

The committee is comprised of George A. Shaw, chairman, Charles Averill and Tom Phillips. It will present a slate at the merchant's next meeting May 5. Nominations also will be open from the floor.

Following approval of the slate, ballots will be sent to the members by mail. Announcement of the result is expected at the meeting June 2. The new officers generally assume their duties at the September meeting.

In addition to Finley, the elective ELMA officers are Jack Steinberg, vice chairman, and C. L. Peery, treasurer. E. R. Chandler is secretary because of his position as executive manager of the Chamber.

In other business, the merchants went on record endorsing renewal of two school levies totaling 12 mills at the election May 5. The propositions are an 11-mill levy for general operating expenses and a one-mill levy for repair and maintenance of school property.

G. W. Woods, promotion chairman, announced the spring Green Tag Days Sale will be held April 23-25. The first of the periodic new sales promotions was held late last fall.

Leslie Blumenthal announced Wednesday, June 3, has been selected as the date of the organization's annual spring outing. He and Harold Allison are in charge of arrangements. The members will travel to Pittsburgh to attend a night game of the Pittsburgh Pirates, preceded by dinner.

Don Eckert, chairman of the City Planning Commission, discussed progress on the preparation of a "master plan" for East Liverpool, stressing the aspects related to the central business district.

Chandler announced the 17th annual Customer Relations Conference sponsored by the Ohio State Council of Retail Merchants will be held May 14-15 at the Columbus Plaza in Columbus.

The group reviewed its finances and discussed promotion assessments and their value in a united organization.

West Beaver Bonds Sold

The Western Beaver County School Board Monday night accepted the bid of the Cunningham & Schmertz Co. of Pittsburgh for purchase of a $120,000 bond issue at a 3¼ per cent interest rate, with a premium of $132. There were four other bidders.

The board received approval at its March meeting to sell the five - year bond issue, which will be used to pay off the major portion of a $167,000 indebtedness for current operating expenses.

In other action, the board accepted the resignation of Mrs. Winifred Ambrose, affective at the end of the school term. She is a third grade teacher at the Fairview School.

The sixth grade classes were granted permission to visit points of interest in Pittsburgh early in June, and the Drama Club, sponsored by Mrs. Janet Hickey, was for a field trip to Pittsburgh in the near future. They will visit the Pittsburgh Playhouse and the Carnegie Museum. Bills were ordered paid.

Next meeting will be May 4 at the high school at Industry. Charles Henderson, president, presided.

Sleeping Pill Blamed As Woman, 70, Falls

Made dizzy by a sleeping pill which she took early today, a 70-year-old East Liverpool woman was injured when she fell over a chair and struck her elbow on a desk, police said.

Mrs. Bertha Donahey, 304 Washington St., called the police department for assistance after she was hurt in the fall about 1 a. m., officers said. Taken to City Hospital in a cruiser, she was released after treatment for a laceration of the right elbow.

Mrs. Donahey told police she took the pill because she had difficulty in getting to sleep. The medication made her dizzy and she fell over the chair, she related.

Benefits Explained If Bond Issue Passes

COLUMBUS, Ohio (AP) — Ohio Highway Director P. E. Masheter says passage of the $500 million highway bond issue will benefit not only the major thoroughfare system in the state but other urban and rural routes. The issue is on the May 5 primary ballot.

The highway director said the constitutional amendment to be voted on will enable the state, through low interest financing, to borrow $500 million and advance many elements of Ohio's highway construction program from one to three years.

He said present existing taxes, on motor fuel and highway usage, are sufficient to retire these bonds with no increase in taxes.

Physical Fitness Unit In Wellsville Sets Visit

Members of the Wellsville Ladies Physical Fitness Class will visit a class in East Liverpool tonight.

Members are to meet at 6:30 at the former Presbyterian Church on Main St.

Those who can are asked to drive. The Wellsville class meets Tuesday and Thursday nights at 7.

The instructors are Mrs. Jenny Hammond and Mrs. Garnet Smith.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain —you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

Saxbe Will Ask Suit Aimed At Glenn Dismissed

COLUMBUS, Ohio (AP) — Atty. Gen. William B. Saxbe said he would ask the Ohio Supreme Court today to throw out a suit seeking removal of Lt. Col. John H. Glenn Jr.'s name from Ohio primary ballots.

Saxbe termed "defective" a mandamus action filed Tuesday by Albert T. Ball of Cleveland, who with Glenn and two others filed for the Democratic U.S. senatorial nomination in the May 5 election.

The attorney general said Ball, a business consultant, failed to sign the customary affidavit required for court actions. The Supreme Court has given Secretary of State Ted W. Brown until Friday to show why Glenn's name should remain on ballots although the space hero withdrew as a candidate March 30 because of a head injury.

Brown said Glenn's action came after the Feb. 15 deadline for withdrawal. Ball asked to have Glenn's name blacked out on ballots already printed and to have any votes cast for the astronaut in the election disregarded.

Others seeking the Democratic nomination are incumbent U.S. Sen. Stephen M. Young and William Hotchkiss, Akron electronics technician.

Club Cancels Session

SALINEVILLE — A meeting slated tonight by the Southern Local Athletic Boosters Club has been canceled because of conflicting sessions of other groups, Bob Hays, president, said. Next meeting will be May 7. The group meets at Southern Local High School on Route 39.

Pipeline Mended

CELINA, Ohio (AP)—A break in a 10-inch Gulf Oil Co. pipeline near Fort Recovery was mended Tuesday and authorities said any threat of fire has practically diminished. The break Monday sent thousands of gallons of crude oil into the Wabash River. Authorities said the rupture earlier created a serious fire hazard.

Glenmoor Man Given Party For 80th Birthday

Chester L. (Chess) Stoddard of Glenmoor was surprised with a family dinner party and open house reception Sunday at the home of Mr. and Mrs. Leander Henson of Glenmoor, in honor of his 80th birthday anniversary.

He was born April 4, 1884, in Fairfield County, Ill., and came to East Liverpool when 20. He has been retired for 15 years, working last at the Ceramic Porcelain Specialty Co. For a hobby, he raises chickens and tends to vegetable and flower gardens.

He was married to the former Adda Mumaw, who died in 1942. There are two sons, Robert Stoddard of St. Clair Ave. and Lewis H. Stoddard of Shadyside Ave.

He is now married to the former Nora Burton Talbott, and has two step-sons, Charles E. Talbott of Globe St., and Kenneth E. Talbott, of Cleveland Ave., and two step - daughters, Mrs. Ellis (Faye) Wright of Ashland Ave., and Mrs. Leander (Maxine) Henson. There are 16 grandchildren and nine great-grandchildren.

A family dinner was served 25 at a table centered with an arrangement of pink and white carnations, flanked by pink and green tapers. A birthday cake inscribed "Happy Birthday Chess" completed decorations.

Due to the sudden illness of Mrs. Henson, who was hospitalized with bronchial pneumonia, Mrs. Wright, Mrs. Robert Stoddard, Mrs. Charles Talbott and Mrs. Kenneth Talbott were hostesses for the dinner and open house.

He received cards and gifts.

OAK GLEN PLANS PLAY. William Pattison, who can't keep track of his shoes in the Oak Glen High School play, "Love Your Neighbors," discovers one in the tuba of Mark Krosney in this rehearsal scene. Looking on, from left, are Jim Haddock, Phyllis Murray and Florence Bainbridge. Miss Jennifer Thornberry is seated. The three-act comedy will be presented Thursday, Friday and Saturday nights at 8 at the Little Theater building at the Pughtown area school. Charles Morris is faculty director.

Certificates Given Several At Hadassah Donor Party

Several certificates were presented at the annual Donor Party of the East Liverpool Chapter of Hadassah Monday night at Congregation Beth Shalom.

Mrs. Norman Birnbaum presented the Godmother certificates in recognition of service to the Hadassah Medical Organization to Mrs. Alex Fisher, Mrs. Michael Turk, Mrs. Alfred Bahm and Mrs. Leon Rubin.

Mrs. William Sulkes introduced the speaker, Mrs. Nathan Perlman of New York City, national membership chairman and immediate past chairman of HMO, who spoke on how the organization is extending its services to the under-developed countries of Asia and Africa. She also mentioned the medical teams that have been sent to Liberia, Tanganyika and Ethiopia.

Miss Arletta Helfrich, vocal director of the high school, presented the Melodettes of the Concert Choir in several selections, including "Toyland," "Blue Moon" and "A Dream Is a Wish Your Heart Makes."

The theme, "The Glow from Hadassah," highlighted candlelight decorations arranged by Mrs. Herschel Rubin assisted by Mrs. Birnbaum. The buffet table was centered with a project village showing the development of the medical organization from the barren wasteland until the present. Refreshments were served 40.

Yellow tapers were used on the individual tables where places were marked with inscribed vases and candles. Springeri green and jonquils completed the decorations. Favors were perfume vials.

Hostesses were Mrs. Martin Silverman, Mrs. Sam Caplan, Mrs. Jack Schoolnic, Mrs. Donald Lynn, Mrs. Joseph Sarbin, Mrs. Turk, Mrs. Herschel Rubin and Mrs. Hyman Weinbren.

Mrs. Nathan Weinbren, president, poured at the silver service.

Installation of officers will be held at the closing tea May 11. Mrs. Herschel Rubin is chairman of the social committee.

Kay Snyder, Jim Russell Wed In Rites At Glenmoor

Miss Kay E. Snyder became the bride of Jim L. Russell in a quiet ceremony Saturday afternoon at 2:30 o'clock in the Glenmoor United Presbyterian Church.

The bride is the daughter of Mrs. Evelyn Popp of Staunton Ave., Glenmoor, and Arthur J. Snyder of Tucumcari, N. M., and the bridegroom is the son of Mrs. Nora Dyke of Route 170, Calcutta, and the late Harold Russell.

The Rev. James F. Donald, pastor, officiated at the double-ring ceremony.

The bride wore a white lace street-length dress with matching accessories. She observed all the familiar traditions, including a sixpence in her shoe.

Matron of honor was a high school classmate of the bride, Mrs. Sondra Shuffert of Austintown. She was attired in a green knitted two - piece suit with brown accessories.

George Shuffert Jr., husband of the matron of honor, was best man.

Both the principals are 1961 graduates of East Liverpool High School. The bride is a teller at the Potters Savings & Loan Co.

Following a brief wedding trip to Lake Erie, the bride is residing temporarily in Glenmoor, as her husband is a machinist at Cajen, Inc., at Solon. For traveling, she wore a two-piece gold suit.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My mother never tires of telling me how beautiful and popular she was in her youth. She keeps a large photograph of herself (in a low-cut gown) right on the TV set.

Everyone who comes into the house is hit in the face with that picture. She and Dad have been married 16 years and this was her engagement picture, so you can guess how old it is.

When I told my mother I thought she should remove the picture she accused me of being jealous. Maybe I am, but I still think she is wrong. What do you think?—UGLY DUCKLING.

-:-

Dear Friend: I think the problem between you and your mother goes much deeper than that picture on the TV set. Even if she removes the picture, which she should have done years ago, the real problem remains.

I hope your school has a guidance counselor with whom you can discuss your real feelings. When you understand why your mother attaches so much importance to a 17-year-old photograph you will not be so resentful.

Money To Burn

Dear Ann: I have been saving a few dollars every week from the grocery and household money. This has been going on for more than three years.

I kept the money in a sugar bowl on the topshelf of the cupboard. Last week I took the money down to count it. I put the roll of bills on the stove for just a minute, not realizing the coffee pot was on the back burner. I turned my back for two seconds and the bills caught on fire.

I poured a glass of water over the bills and saved part of them. Please tell me what to do now.—WATER AND ASHES.

-:-

Dear W and A: I can't tell from your letter how badly burned the bills are. If more than half of a bill is intact, any bank will give you full value.

So, Lady, take the money to the nearest bank, which is what you should have done with it in the first place. Sugar bowls are for sugar.

Browbeaten Wife

Dear Ann: Last night I got the shock of my life. I have been married (happily, I thought) for 17 years. After dinner my husband said, "Well, you have used me for a meal ticket long enough. The kids are all in school now and you have no excuse for sitting around home. I want you to go to work."

Ann, I'm 37 years old and have no special training. We are not in debt. I keep the house in good order, I cook and bake and enjoy being at home. I don't want to go to work. The fact is, I'd hate it.

Our three children like to have me here when they come from school, and I want to be here.

Am I selfish, as my husband says? He has made me feel terribly guilty. Tell me if you believe I should go to work to please him. L.S.M.

-:-

Dear L.S.M.: I think your husband is going through the change of life. Some men (as well as women) undergo personality alterations when they hit middle age.

Suggest that he see a doctor. In the meatime, forget about going to work. A woman who is raising three children and keeping house is pulling her share of the load. She doesn't need to bring in a paycheck to be considered as equal partner in the marriage.

And you can tell him I said so.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Riverview Enters Uniontown High In Junior Tourney

SIM HILL
To Perform In Jr. Tourney.

What could be better for a post season tournament than a possible rematch between Uniontown High and Midland?

As you remember, Uniontown defeated Midland in the WPIAL finals last month then went on to win the Pennsylvania championship.

—:—

UNIONTOWN has entered the 17th annual Nonpareil Club Junior Basketball Tournament under the banner of Riverview Florists.

With Uniontown and Midland, which is playing for Gengarella's, in separate brackets, a rematch of the two Western Pennsylvania powerhouses is possible.

Riverview is one of six teams which entered before Tuesday's deadline to push the field to 13 for the tourney. Shontz and Myers of Sharon, Pa., which entered the tournament last week, has dropped out.

—:—

ACCORDING to tournament officials Riverview will have the complete Uniontown team including Stu Lantz, 6-4, Pat Yates, 6 foot, Bennett Gregory, 6-3, Bob Parsons 6-4 and Bill Steven 6-1.

Uniontown showed one of the strongest teams seen in Pennsylvania in many seasons last year sweeping through 28 games undefeated.

The tournament will get underway Thursday at Memorial Auditorium with five games. Quarter - final matches will be held Friday with semi - finals and finals Saturday.

This year's field should be the best in several years. A key challenger for the title will be Oven Fresh Pizza of Canton which lists a group of all-City players led by Dick Cunningham, the 6-9 all-state center from Canton South.

—:—

CUNNINGHAM appeared in the Tri-State tournament last week and proved quite a favorite playing against more experienced college players. Along with Cunningham will be regulars from Canton McKinley and Massillon including Ed Buchannon, one of the top scorers for the Tigers this past season.

Farrell High School was one of the late entries and will play under the name of American. It will include players from this year's varsity team.

Salem High School will perform for Dan-D-Bar with George Begalla leading the Quakers to town.

Francis P. White Insurance has entered a team composed of Steubenville and Weirton players. Ron Williams, player of the year in West Virginia, will not participate in the tournament because he is on the Weirton High track team.

ON WHITE'S roster is Bob Baker, leading scorer for Steubenville this past season plus Alvin Woodbury and Dave Trimmer of Weir High.

George Bright's roster lists some local talent in Bob Montgomery, Dave Oliver, Terry Robinson, Ron Roush plus George Zepernick an all-district selection from Leetonia.

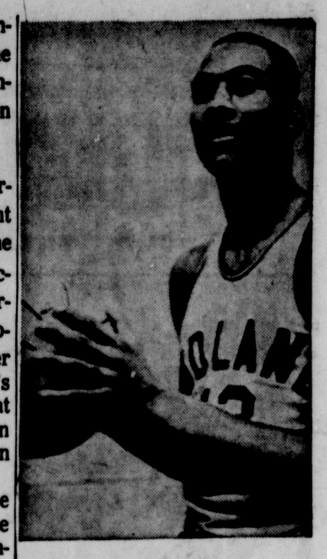

Other teams which have entered include Eason's Insurance composed of East Liverpool, Oak Glen and Youngstown Cardinal Mooney talent, Tiger Boosters of Beaver Falls, Lafayette Electronics of Steubenville which includes some of the top talent from Western Pennsylvania, Cornecki A. C. Boston Dancers and Gip's All-Stars.

—:—

DAN-D-BAR and White Insurance will open the tournament Thursday at 6:30 followed by the Corneck A. C.-Lafayette Electronics game. At 8:30, Riverview Florists will make its appearance against the Tiger Boosters while Gengarella's and George Bright's tangle at 9. In the finale at 10, Eason Insurance will meet American (Farrell High School).

The first night 16 minute halves will be played with the clock stopping on fouls throughout the game.

Gengarella's is defending champion.

Yanks Picked Again, Battle Seen For 2nd Place In American League

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—As impregnable as Fort Knox and almost as rich, the New York Yankees are so far superior to the rest of the American League it is conceivable they could wrap up their fifth consecutive pennant in record time.

The big battle figures to be for second place. Four teams—Minnesota, Baltimore, Chicago and Detroit — will probably knock each other's brains out for the runner-up spot.

Of the others, only Cleveland appears to have a chance to sneak into the first division. The immediate future bodes ill for Boston, Los Angeles, Washington and Kansas City.

How can the other clubs stop the Yankees with a healthy Mickey Mantle and Roger Maris? Even without them for half a season, the Yankees ran off with the 1963 championship by 10 games.

The possible order of finish:

1. New York
2. Minnesota
3. Baltimore
4. Detroit
5. Chicago
6. Cleveland
7. Boston
8. Los Angeles
9. Washington
10. Kansas City

Yogi Berra, the new manager, claims the Yankees are stronger than last year. His argument is simple and direct.

"Our outfield is the best, our infield is the best and our catching is the best," he said. "And our pitching is better than it was last year."

The Yankee outfield trio of Mantle, Maris and Tommy Tresh, and the infield of Joe Pepitone, Bobby Richardson, Tony Kubek and Clete Boyer rank tops in the league.

Catcher Elston Howard, the league's Most Valuable Player of 1963, is in a class by himself.

The Twins compare favorably with the Yankees in power. They have good, if not outstanding pitching, but lack the tight defense so vital to a pennant winner. They were eighth in fielding last year and the switch at first from Vic Power to Bob Allison doesn't figure to eliminate that weakness.

Manager Hank Bauer has instilled some aggressiveness in the Baltimore line-up, which figures to be strengthened by newcomers Norm Siebern and Willie Kirkland. The pitching is strong and could rate with the best if Chuck Estrada's apparent recovery following an elbow operation is no myth.

Al Lopez, manager of the White Sox, maintains his perennial optimism but Pete Ward, his slugging third baseman, continues to suffer from a chronic back ache, diagnosed as a pinched nerve.

Detroit has improved its infield and outfield by the acquisition of second baseman Jerry Lumpe and center fielder Don Demeter. Frank Lary, the ailing right-hander, has pitched encouragingly this spring but Manager Charlie Dressen has been unable to come up with a replacement for the departed Jim Bunning.

Cardinals Picked To Win In NL

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — It has been 18 long, dry years since the St. Louis Cardinals won a National League pennant. The drought is over. Despite the retirement of Stan Musial, they will scramble home first this season in another typical cutthroat struggle.

The world champion Los Angeles Dodgers will be in it. So will San Francisco, Philadelphia and Milwaukee. Cincinnati could be a factor. Even Pittsburgh and Chicago are possibilities. Only Houston and the poor old New York Mets appear outclassed.

Nobody has repeated in this well-balanced league since Milwaukee in 1957-58. Four different teams have won in the last four years starting with Pittsburgh in 1960. With the exception of the Colts and Mets, only the Cardinals, Phils and Cubs have failed to make the grade in the last six years.

It is about time for another pennant for the Red Birds who haven't been in a World Series since 1946 when Enos Slaughter made his famous dash home from first base while Johnny Pesky of the Boston Sox hesitated.

Here's the way it looks from here:

1. St. Louis
2. Los Angeles
3. San Francisco
4. Philadelphia
5. Milwaukee
6. Cincinnati
7. Chicago
8. Pittsburgh
9. Houston
10. New York

In the American League you start with New York and work down. In the National you open with New York on the bottom and work up. Not even the plush Shea Stadium can rescue the Mets from a third straight year in the cellar. Houston may be a bit better but not enough to catch the rest.

St. Louis has the league's all-star infield, a top young catcher in Tim McCarver and added pitching strength in Roger Craig to help Bob Gibson, Ernie Broglio and Curt Simmons. Much depends on a comeback by pitcher Ray Washburn and the ability of Charlie James and rookie Johnny Lewis or Carl Warwick to make the grade as regulars in the outfield with Curt Flood.

Pitching again must do the heavy work for the Dodgers, with Sandy Koufax and Don Drysdale carrying the load. If they make it again it will be razor thin because Walter Alston must worry about catcher Johnny Roseboro's condition.

2,000 To Compete In Mansfield Run

By FRITZ HOWELL
Associated Press Sports Writer

MANSFIELD, Ohio (AP) — More than 2,000 youngsters from three states will battle it out here Friday and Saturday in the Midwest's biggest schoolboy cinder carnival—the 33r Mansfield High School Relays.

The classic is the first of the campaign, and annually gives the experts their opening look at the speedy thinclads.

Harry Mehock, 61 - year - old director and founder of the event, said today a record-breaking field of 2,063 boys from 178 schools had entered. That breaks the school record of 150 set in the 1961 relays and the 1,680 athlete total set in 1958.

After 32 years of competition on an antiquated Mansfield Senior High field, the relays move to the new Malabar High athletic plant which boasts a track with 10 lanes of 42 inches each and is constructed of asphalt, rubber and sand.

The superhighway is regarded as the best in the Midwest—college or high school—and the plant has been appropriately named "Harry E. Mehock Field."

Of the 178 teams—and Mehock said he expected several more—45 are from out of state: 41 from Michigan and 4 from Pennsylvania. Cleveland East Tech, nine-time winner of the relays—including the last two—will be back with a well-balanced squad.

Mansfield's Johnny Linta, who broke his dad's 24-year-old state pole-vault record in the Ohio championship meet with 13 feet 10¼ inches last spring, is among the entrants. His record leap last year gave him a share of the state title with Marion Harding's Jim Showers, but Linta said he'll go over 15 feet this time. In his first outdoor attempt of the season Monday, he cleared 13 feet 9 inches.

Other hot-shots in the Mansfield meet are Craig Wallace of Dayton Dunbar, state 100-yard champ; Bill Lenkaitis of Youngstown South, winner of the state discus throw in 1962 and runnerup a year ago, and Ken Coates of Wyoming Park, Mich., the Class B Wolverine mile champion.

A four-mile relay opens the meet Friday afternoon. Preliminaries are scheduled Saturday morning, and the championships will be decided in the afternoon.

Ortiz Eyes Ramos If He Beats Lane

SAN JUAN, P.R. (AP)—Carlos Ortiz said today that if he beats Kenny Lane in their lightweight title fight Saturday night he might defend his crown again this year, against featherweight champion Sugar Ramos.

"I might fight him in Los Angeles for $100,000; that's more than any other lightweight has ever earned for a single fight," said Ortiz, who makes no bones about fighting "only when the price is right."

But the 27-year-old Ortiz added that he only plans to defend his crown six or seven times, and a difficult victory over Lane might make him change his mind about a fifth title defense this year.

Ramos won the featherweight crown in March 1963 by knocking out Dave Moore, who died of his fight injuries.

Bill Daly, Ortiz' manager, said that matchmaker George Parnassus had suggested a Ramos fight in Los Angeles, "but we can't consider any offers until this fight is over, and then the line forms to the right."

Ortiz, with a 43-4 record, is a 2-1 favorite to beat Lane for the third time in their fight at an outdoor baseball stadium. He lost a 10-round decision to Lane in 1958, but stopped him in the second round on cuts the following year.

Lane, with an 85-11-1 record, claims Ortiz never beat him.

Los Angeles Angels pitcher Don Lee is a substitute teacher in Phoenix, Ariz., during the off season.

Back-To-Wall Royals Halt Celtics, 102-93

CINCINNATI (AP)—Cincinnati's one-two punch of Oscar Robertson and Jerry Lucas powered the Royals to a do-or-die fourth-game victory over the Boston Celtics in the Eastern Division playoff finals of the National Basketball Association Tuesday night.

Boston, winner of the first three in the best-of-seven set, was in position to take its eighth straight division title Tuesday night but ended up on the short end of the score, 102-93.

The series moves to Boston for the fifth game Thursday night.

"The pressure was on us and I told the team to just relax and play their normal game," said Royals' Coach Jack McMahon. "We only made some small adjustments on both offense and defense."

But those adjustments just about bottled up Boston's Bill Russell. The big center, who led the Celtics in the first three games, got only one field goal and seven free throws for nine points. He grabbed 24 rebounds, but Lucas pulled down 25 for the Royals.

In the NBA's Western Division finals, St. Louis and San Francisco tangle in a fourth game tonight at St. Louis. The Hawks lead that series 2-1.

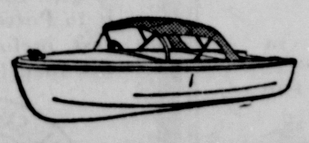

McMahon credited Robertson's second half performance and Lucas' rebounding as the big factors in the Royals' win.

Robertson got 25 points in the last half and ended up with 33 to share scoring honors with the Celtics' Sam Jones.

Jack Twyman with 31 points also turned in a top performance for the Royals.

Vanderbilt basketball coach Roy Skinner formerly coached the Paducah Junior College team in Kentucky.

Coach's Fine Sparks Wings To Cup Victory

By DICK COUCH
Associated Press Sports Writer

Sid Abel, Detroit's outspoken hockey coach, is $500 poorer and a lot happier today after the Red Wings' 7-2 "stay alive" victory over Chicago in Tuesday night's Stanley Cup action.

The Wings' decision squared their semifinal series with the Black Hawks at 3-3, same count as the other set between Toronto and Montreal. The Maple Leafs pulled even Tuesday night when goalie Johnny Bower blanked the Canadiens 3-0.

The deciding games in the best-of-seven sets will be played at Chicago and Montreal Thursday night.

Clarence Campbell, president of the National Hockey League, docked Abel for the Detroit skipper's blast at referee Frank Udvari after last Sunday's fifth game, won by Chicago 3-2.

Abel read the announcement of the fine to his players just before Tuesday night's game. "I no sooner began to read it than I realized these guys were hot enough to melt the ice," Abel said after the Wings had turned their wrath on Chicago goalies Glenn Hall and Denis DeJordy.

Hall turned over the pads to DeJordy after being clipped for five Detroit goals in two periods. DeJordy gave up the last two goals, including Norm Ullman's third of the game.

Abel called Udvari "gutless" for allowing a disputed Chicago goal in Sunday's game. The Red Wings' coach said the referee "blew the call and knew it."

Udvari presided—without incident—in the Toronto-Montreal scrap Tuesday night.

Carload Of Memories Go With Polo Grounds

NEW YORK (AP)—Its short foul lines and obstructed views scorned by players and fans for years, New York's Polo Grounds comes tumbling to the ground this week—finally.

The city announced Tuesday that the long-planned demolition of the famous old sports arena will start Friday and with it will go a carload of memories.

Thomson's homer heard round the world . . . Merkle's boner at second base . . . Dempsey knocked out of the ring by Firpo . . . Mays' back-to-the-plate catch on Wertz . . . the feats of Mathewson, Ott and Hubbell . . . Ruth's 51 homers when the Yankees played there . . . all are part of the legend of Coogan's Bluff.

A low-rent housing project providing homes for 1,614 families will occupy the 17½ acres once called home by baseball's New York Giants and more recently, by the New York Mets.

Marked for demolition after the Giants moved to San Francisco in 1957, the old park got a temporary pardon from the bulldozers when the Mets were born in 1962. When Shea Stadium failed to be completed in time for the 1963 season, the Polo Grounds again escaped the wreckers.

With construction nearly finished on the new Flushing Meadows stadium, the aging sports arena appears doomed to keep its date with the workers.

One of the boasts of the Mets' new park is the absence of obstructed views and you can bet the builders planned that with Polo Grounds' spectators in mind. More often than not fans there found themselves peeking from behind girders and poles to watch the action.

But for all its shortcomings, the old park will be missed by many. Bleacherites were a fraternity and one group of fans who gathered in deepest right field formed the Section Five Cub, named after the section they sat in.

Niles Aide Elevated To Head Grid Mentor

WARREN, Ohio (AP)—Glenn Stennett has been elevated from assistant coach to head football mentor at Niles McKinley High School.

Stennett, 37, was named Tuesday as successor to Tony Mason, now an assistant football coach at the University of Michigan.

The Syracuse University record for most points scored in one basketball season, 605, was set by Vinnie Cohen in 1956-57.

MY DAD'S PLYMOUTH IS THE SAME MODEL THAT BEAT YOUR DAD'S CAR AT RIVERSIDE, CALIFORNIA!

Don't rub it in, son. Plymouth not only beat Ford and Chevrolet at Riverside, but at Sebring, Watkins Glen, and Indianapolis Raceway Park. In every case they were comparably equipped V-8s right off showroom floors. The tests of "things you buy a car for" were conducted by an independent testing company at Plymouth's request.

You might tell your chum that competition-equipped Plymouths finished 1-2-3 at the famous Daytona "500." If it will make him happier, tell him that your dad's Plymouth Dealer is celebrating all these wins with high trade-in allowances right now. Maybe his dad would like to drive a winner, too.

Then you could both brag!

Deacon Sharp For 6 Frames

Law Hurls Perfect Ball, But Can't Start Opener

By MIKE RATHET
Associated Press Sports Writer

Pittsburgh right-hander Vern Law, a respected elder in the Mormon Church, has run afoul of baseball law.

Continuing his impressive pitching in a comeback bid, the Deacon hurled six innings of perfect ball Tuesday in the Pirates' 3-2, 10-inning exhibition loss to St. Louis, an effort that should have thrown Law into the spotlight for one of the game's biggest plums—an opening day assignment.

But the big book of baseball law has thrown him a curve.

The one-time 20-game winner and hero of the Pirates' 1960 World Series triumph decided last year to retire—temporarily at least. In accordance with that decision, Law was placed on the voluntary retired list.

That move made him ineligible for reinstatement to the active roster until six days after the 1964 season opens.

Besides Law, Kansas City's Diego Segui and Detroit's Mickey Lolich turned in solid pitching performances.

Segui hurled shutout ball in his eight-inning stint, allowing only six hits, but the A's had to hold on once he left before nailing an 8-5 victory over the New York Mets. Lolich scattered nine hits, striking out 11, as he went the route in the Tigers' 4-1 victory over Houston.

Lee Thomas drove in his 29th run of the spring in the Los Angeles Angels' 3-2 triumph over Cleveland, Bob Allison singled home the winning run as Minnesota edged Washington 5-4 and Harry Bright's two-run double led the New York Yankees to a 4-3 decision over the Los Angeles Dodgers.

Jim Maloney pitched eight innings and stroked three singles as Cincinnati beat Philadelphia 6-4, the Chicago White Sox took advantage of Norm Siebern's error and went on to defeat Baltimore 3-1 and the Chicago Cubs rode four unearned runs to a 4-2 victory over Boston.

Bus Drivers Sought

EAST PALESTINE — The Board of Education today issued an appeal for substitute bus drivers. Those interested may notify Henry Klitz, transportation director. A basic school bus license is required. He said there is a lack of substitutes to take over when regular drivers are ill.

Indians Drop 20th Spring Game To LA

FRESNO, Calif. (AP)—Leon Wagner, a long ball hitter Cleveland acquired in a trade with Los Angeles, got a measure of revenge against his ex - teammates Tuesday as the Indians lost their 20th exhibition game in 29 they have played.

Wagner, a 192 - pound left-handed batter, accounted for both Tribe runs in a 3-2 loss to Los Angeles in Palm Springs. He did it with a triple in the sixth inning off Angels' starter Dean Chance of Wooster.

The 30 - year - old outfielder, who hit 26 homers for the Angels last season, shared hitting honors with infielders Dick Howser and Fred Whitfield. Each had two hits.

Southpaw Jack Kralick, the Indians' starter, looked sharp in his six-inning stint, allowing seven hits and two runs. Ted Abernathy, who replaced Kralick in the seventh, was the loser.

The Angels won it in the eighth. Shortstop Jim Fregosi reached first base on Larry Brown's error and then stole second. Lee Thomas drove home Fregosi for the winning tally. The victory was the Angels' sixth in seven games.

Barry Latman, the right-hander who went to the Angels in the deal that brought Wagner to Cleveland, also had a hand in the triumph. Latman replaced Chance in the sixth with three Indians on base and retired six straight Cleveland batsmen.

The Indians planned to send Dick Donovan against San Francisco today.

Nature Conversation Workshop To Be Held

A nature conservation workshop will be held April 15 at the activity building in Tomlinson Run State Park near Pughtown for discussion of birds, spring flowers and native trees.

The County Nature Committee will be in charge. Other outings are slated April 22, April 29 and May 6. Mrs. Richard Jennings of Wellsburg will present the program April 22. Resevations may be made by calling the extension office in the Courthouse annex in New Cumberland.

Cherokee Scout Area Program Set Tonight

The Cherokee Boy Scout District will hold a roundtable session tonight at 7:30 at the YMCA. Walter Jordan is roundtable commissioner.

Participants and their topics will be: Mrs. Mary Jones, den mother, handicraft; David O'Hanlon, Cubmaster of Pack 36 at Longs Run United Presbyterian Church, cubber adults, and Ralph Brewer, scoutmaster of Troop 26, Boy Scout adults.

PTA Elects At Wellsville

Mrs. Agnes Glover was elected president of the MacDonald Parent-Teacher Association of Wellsville Monday night.

Other officers are: Mrs. Arlene Mathess, first vice president; John Mackov, second vice president; Mrs. Laura Reed, secretary; Mrs. Francis Santimarino, treasurer; Mrs. Donna Verzella, delegate to the PTA Council, and Mrs. Eileen Bush, alternate. Installation will be held May 4.

Mrs. Pat Morris, president, appointed Mrs. Elizabeth McNicol and Miss Willa Jane MacDonald as the auditing committee. White beanies are being sold, the proceeds to be used for the purchase of reading circle books.

The Rev. Robert Andrews, pastor of the First Christian Church, led devotions. As program chairman, Mrs. Natalie Lewis introduced R. L. Reed, State Highway patrolman who presented a safety program. He screened a film, "Signal Thirty", and led a discussion period. The room count was won by Mrs. Christine Wilson's morning Kindergarten class.

Refreshments were served by Mrs. Mina Hitt, social chairman, and the first grade homeroom mothers. The executive committee will hold a noon luncheon for the teachers and school personnel April 29.

2 Spare Tires Stolen From Parked Trucks

Spare tires and wheels were stolen Tuesday night or early today from two 1964 model half-ton trucks owned by Mackall Motors, 1503 Pennsylvania Ave., police reported.

The 6.70-x-15 tires and wheels were mounted in metal racks at the rear of the trucks, officers said.

James Walker, a city fireman reporting for duty at the East End station, discovered the theft while parking his car at the rear of the building, officers said. The theft was timed between 9 p. m. yesterday and 7:35 a. m. today. The fire station adjoins the auto agency's property.

Ship Builder Dies

GREENWICH, Conn. (AP)—Alfred E. Luders, 85, who built more than 1,000 ships and boats during a career that started in 1908, died Tuesday. Luders, a naval architect, retired three years ago from the Luders Marine Construction Co., which he founded.

Legion Post Sets Carnival

Plans for a carnival the week of May 18-23 were reviewed by American Legion Post 70 of Wellsville Monday night.

Harry Excell, commander, will be in charge. The carnival will be on the Legion property at the rear of the post home.

Future events to be held at the post were listed. The Women's Bowling League will hold a dinner-dance Saturday.

Dwight Bush of Homeworth, district commander, will be a guest at a meeting April 20. He will present the post membership awards and citations.

The Ball and Chain Bowling League of East Liverpool will hold a banquet May 9 and the Mixed League dinner will be June 13.

The post will observe the first anniversary of the completion of its new building June 20.

The 1948 Class of East Liverpool High School will hold a reunion at the post June 27.

The post will sponsor a junior to Buckeye Boys State this summer. This makes the county 100 per cent in participation.

A letter was received from department headquarters commending the post on its membership standing.

Freak Blaze In Auto Burns Pughtown Man

A 52-year-old Pughtown service station operator who suffered eye burns at work and a Salineville child injured on a toy auto were treated at City Hospital Monday.

Harl Stover of Pughtown, owner of the Pennzoil Station at Pughtown, was treated at 8:45 for burns of the eyes received when gasoline apparently mixed in the crankcase of an auto ignited as he was putting oil in it at the service station.

Allen Bergert, 2, son of Paul Bergert of Foundry Hill, Salineville, suffered a cut finger on a toy car at home.

Employe In Palestine Bank Takes New Post

EAST PALESTINE — John G. Davis, cashier at the First National Bank for four months, is resigning effective April 15 to go to Dover as cashier at the National Bank there.

Davis came here from Butler in January. His wife and two children will remain here until the end of the school term.

Lester E. Hart, executive vice president, said no replacement has yet been named.

Man Suffers Foot Injury

An area man who suffered a foot injury at work at a service station and four district youngsters injured in separate mishaps were treated at City Hospital Tuesday.

Dale Saling, 20, of Densmore Ave. was treated for a laceration of a toe after a metal bar fell on his foot while he was at work at the Hamilton Service Station in the East End.

William Davis, 5, step-son of Paul Burson Jr., 1075 Pennsylvania Ave., suffered a head injury in a fall down the front steps.

Robert Fickle, 10, son of Mrs. Rose Fickle of Woodbine Ave., received a cut of the scalp when hit by a stone.

In a fall against a television set at home, Rodney Miller, 4, son of Ernest Miller, 1232 Pennsylvania Ave., suffered a cut of the left eyebrow.

Robert Scott Morgan, 1½, son of Robert Morgan, 247 Wells Ave., Wellsville, received a cut of the lip in a fall against a record cabinet at home.

Former heavyweight champ Rock Marciano won 43 of his 49 boxing matches by knockouts.

Bids Authorized On New Cruiser

Legislation authorizing Safety-Service Director Fred Baldasare to seek bids for a new police cruiser was approved under suspension of rules by Wellsville City Council Tuesday night.

Council also passed a motion ordering the director to begin immediate collection of delinquent water bills and shutting off service to those who refuse to comply.

—:—

THE BOARD of Control will award the contract for the new cruiser. Bids will be asked for both with and without trade-in of an old cruiser. Money for a new car was provided in the annual appropriation.

Councilman Aguin Bowling, water and sewage chairman, said the committee recommends that the delinquent accounts be paid or the water shut off. He said various suggestions are under consideration and asked for Council's opinion.

After a discussion, it was determined there is legislation on the books authorizing the director to collect delinquent bills and turn off service where necessary.

It was mentioned that one possible solution would be to put the water department into the hands of an independent commission.

—:—

BOWLING MOVED and Councilman Paul Todd, seconded the motion directing immediate action by the director.

During the discussion, Carl McDevitt of 10th St. registered a complaint that he was required to obtain a $10 plumber's bond before he could open the sidewalk for the installation of a new line. He was told this would be discussed a later date.

Council also agreed to reconsider old legislation presented before this administration governing the installation of heat producing units.

Fire Chief Robert Lewis explained that it would protect home owners from unscrupulous businessmen on furnace installations. It also would cut down on fire hazards, he said.

—:—

THE LEGISLATION had been considered some time ago, but no action taken. It will be revised and brought up to date if necessary.

Councilman Nunzio Lombardozzi said no action has been taken by the property committee on city - owned land near the floodwall along Little Yellow Creek.

Various individuals have expressed interest in the land as a site for a marina. In answer to a query from Mayor William Daugherty, he said the committee still is receiving letters.

Councilman Bill Stoddard suggested tabling a request from two firms for a franchise to install a television cable service. He said no one has expressed any interest in the proposal.

—:—

AT THE REQUEST of Councilman Dwight MacLean, the legislation governing the licensing of persons desiring to tack posters on poles was read by Wayne Rose, clerk.

Councilman Walter Henthorne read two letters from residents complaining of dogs running through their yards. Bill Long, dog warden, was in the audience and commented he had shot dogs in the vicinity this week.

A complaint was received that there are no street lights on Cedar St. The streets and light committee was asked to investigate.

The volunteer fire department asked that the men be paid at the regular volunteer rates for erection of the flood gate in the future. Thomas Lanam, president, explained from the audience that the volunteers are paid at the rate of $1.50 an hour for working on the flood gate, while the regular rate for men who fight fires is $2.75 per hour. He said the rate has never changed since the floodwall duty was given the volunteers.

—:—

LANAM POINTED out one man lost a time-and-a-half day when called off his job to work on the gates.

The request was referred to the finance and ordinance committees.

A request was received from the Housing & Home Finance Agency at Chicago as to what was done with $3,000 advanced the city for an addition to the water system.

The federal agency said the status of the project has not been reported for some time. Solicitor William Bush said the money was used to pay for a survey made in 1948. No action was taken on the survey. The papers were presented the mayor to make a report.

—:—

THE STATE Liquor Control Board at Columbus informed Council that a hearing will be held April 30 at 1 p. m. on issuance of a D-2 permit to the 1300 Bar in the name of Nicholas Rivelle. It would be at 1303 Main St.

Council previously went on record opposing issuance of the license, citing the concentration of bars in the area and the fact it would be within 500 feet of two churches. Council also cited the fact that the applicant resides in Midland.

Council last night received the notice without any comment. No action was taken on sending a representative to Columbus to oppose the application at the hearing.

Henthorne, claims chairman, said his committee had approved the claim from a Riverside Ave. resident for $25 for having to dig up a water line that was not leaking. It was first thought the line was leaking, and the order was issued by the city.

Council requested that a letter be received from the resident before any action be taken on paying the claim. Henthorne said he believes another claim is forthcoming from a Clark Ave. resident for damages to a bathroom and plaster caused by trucks hitting bumps and vibrating the home.

Robert Andrews, minister of the First Christian Church, gave the opening prayer.

Instruction Started By School Custodians

Twenty custodians in East Liverpool schools have started instruction to increase their effectiveness in building operation.

Dan Pappic of Salem is the instructor for the 30-hour course with certificates to be awarded to those custodians who successfully complete the course, Supt. Paul H. Blair said.

The Trade and Industrial Vocational Education Service of the State Department of Education offers the course to improve custodial services with instruction in both custodial skills and technical formation.

The Board of Education approved participation in the program at a January meeting.

Woman Cited After Mishap

A Lisbon woman was injured in a car-truck collision on Route 45 near Lisbon Tuesday and part of a load of coal was spilled by a truck in another mishap on Route 45 near Wellsville.

The Ohio Highway Patrol at Lisbon said Angelina M. Trunzo, 24, of 619 E. Chestnut St., Lisbon, drove her 1961 coach from a private drive into the left rear of the van truck about a mile north of Lisbon.

The southbound truck was driven by Henry Williams, 60, of Pittsburgh. The woman, who was cited for failure to yield the right-of-way, was treated by a Lisbon physician for a possible back injury.

There was extensive damage to the auto, officers said.

David Howard Simpson, 35, of Columbiana was driving a semi-trailer coal rig south on Route 45 about 2½ miles north of Wellsville when the rig went off onto the berm and he lost control.

Simpson told officers he pulled to the right when another vehicle approached. The truck then veered off the highway and struck a mail box owned by Elwood P. Henry of Wellsville R. D. then tipped over partially against an embankment.

$150 Flute's Casualty Under Wheels Of Bus

A student's $150 flute was the major "casualty" in an unusual traffic mishap Tuesday morning in a service station's driveway at St. Clair Ave. and Cain St., police reported.

A City Transit Co. bus operated by Joseph L. Galbreath, 26, of Rogers ran over the flute, plus a school textbook and a purse owned by Miss JoAnn Edgell, 3184 Andrews St., police said. The student's property was lying on the ground.

Galbreath told police he pulled into the service station to turn around. The bus hit the flute and the student's other property, but he was unaware of the mishap at first, he said. The incident was timed at 7:45.

Rodak Leaves Vote Race To His Brother

George Rodak of Weirton, who was pitted against a brother for the Democratic nomination of Hancock County sheriff in the May 12, primary, today withdrew as a candidate.

He said he stepped aside in favor of his brother, Joseph Rodak, also of Weirton.

The withdrawl leaves a field of five Democrats seeking the party nomination for county sheriff.

A member of Weirton City Council for 16 years until his defeat in last year's municipal election, George Rodak withdrew as a candidate for sheriff today at the Circuit Court office in New Cumberland.

His brother, Joseph, had entered the race first. He resigned his patrolman's post on the Weirton Police Department to seek his party's nomination. George is now employed as building superintendent at the Weirton Community Center.

The other Democratic candidates are Donald Chaney of Chester, and James Petrelle, Bert Byers and Leroy VanHorn, all of Weirton. The Republican field remains intact, with Clayton H. Hobbs of Chester and Ralph Patrick Jr. of New Cumberland in the race.

When the Rodak brothers entered for the same party race in February, it caused no little excitement at the Courthouse.

But the excitement was short-lived, and observors have termed the primary campaigns this year as among the quietest ever for the politically - conscious county.

Sheriff Joseph H. Manypenny cannot succeed himself under state law.

2 Cars Damaged Slightly In Crash

Two cars were damaged slightly in a three-way crash Tuesday at 4:07 p. m. on Market St. at 5th St., police reported.

The mishap involved a 1959 model station wagon driven by Richard Deshler, 35, of 512 Campground Rd.; a 1952 auto operated by Alvin B. Pugh, 23, of Minerva St., and a 1962 model convertible operated by William R. Gibbon, 47, of Marion, officers said.

The Deshler and Pugh vehicles were halted at the intersection when Gibbon's convertible hit Pugh's car from the rear and drove it forward into Deshler's, officers said. Gibbon said he failed to halt in time because he glanced to the left as he approached the intersection.

The mishap damaged the front bumper of Gibbon's car and the left rear fender and bumper of Pugh's, officers said.

Board To Get Supplies Bids

The Southern Beaver County Joint School Board Monday night instructed the secretary, Mrs. Katheryn Andrews, to advertise for bids for fuel oil, general supplies and equipment for the 1964-65 school term.

The board authorizes Mrs. Andrews to attend the Pennsylvania School Boards Association Regional Conference at Slippery Rock College April 18, and for Kenneth Kurtz, school guidance director, to attend the Pennsylvania School Councilers Association Conference in Hersey, Pa.,

In other action, the Future Nurses Club, sponsored by Mrs. Lois Frasier, school nurse, was granted permission to take a field trip in the near future to the Beaver County Home and Hospital in Brighton Township.

Harvey Todd, president, presided. Next regular meeting is scheduled for May 4 at the high school near Hookstown.

Mrs. Ewing Selected By Wayne School Unit

LISBON — Mrs. James Ewing of Salineville Rd. was elected president of the Wayne Home and School League, succeeding Mrs. Peter Chestnut, at a meeting Monday night in the school.

Other new officers are: Mrs. Paul Thompson, vice president; Mrs. Menard Powell, secretary, and Mrs. Alton Hollingsworth, treasurer.

The group voted to support a 4.4-mill operating levy that will appear on the May 5 primary ballot after hearing a detailed explanation by Jack R. Baker, executive head of Southern Local Schools.

The new officers will be installed at the next meeting Monday, May 4.

Levy Supported As Parents Meet In Beaver Local

The Beaver Local Music Parents Association voted endorsement of a new 5-mill school levy to be decided in the May 5 primary at a meeting Monday night in the high school.

Rocco DeMart, band director, announced dates for two forthcoming student activities — the band and choir dance May 2 and a concert by the combined band and chorus and the Beaver Local Junior Band May 8.

Mrs. Alwyn Purinton, president, presided. It was announced that the spaghetti dinner slated Saturday has been postponed to later.

One of the Junior Band members presented the group with a check for $80 towards the fund for new uniforms.

The program featured selections by about 20 high school musicians.

The nominating committee met later to begin work on preparing a slate of candidates for election at the next meeting May 4.

Cyprus Dispute Aired For Club

A history of Cyprus and an analysis of the current Greek-Turk conflict on the Mediterranean island were given by George Manilakos at a meeting of the Chester Kiwanis Club Tuesday night at the City Hall auditorium.

Manilakos, proprietor of the Citizen's Drug Store and a native of Greece, described the background of the Cyprus controversy from a Greek Cypriot viewpoint. He was introduced by Al Fineman, program chairman.

About 25 attended the meeting at which Ray Stevens, vice president, was in charge. The Rev. Donald Vogel was reported on a two-week Navy chaplain training session at Chicago.

The Rev. A. F. Hanes of Brownsville was a guest.

They've Taken To Jay-Walking

Navy Can't Beat Gooney Birds On Midway Island

PEARL HARBOR (AP)—Midway Island's gooney birds have taken to jay-walking since the Seabees bounced them out of their nests.

The comical gooneys on the mid-Pacific atoll — whose ranks were thinned by a recent extermination program—now are sending out scouts to oversee paving operations aimed to keep them off Navy runways.

The scouts, crossing in front of or marching slowly ahead of heavy Seabee equipment, are keeping Navy men hopping. Sailors are detailed to walk ahead of graders, tractors and heavy shovels. Their job is to pick up the waddling gooneys and carry them out of harm's way.

For years, a colony of about 250,000 gooneys—the Blackfoot or Layson albatross—have held squatter's rights on Midway. Their habit of building nests beside Navy runways and of cruising gracefully in take-off and landing patterns caused thousands of dollars damage to planes when they collided with the large birds. The Navy also became concerned about the danger to airmen.

Earlier this year, after years of study by scientists and biologists, the Navy initiated a two-pronged program to get the gooneys out of their hair.

They gassed and killed 20,000 birds in nests beside the runways, then began hardtopping the area so other gooneys could not take their place.

The project won the blessing of Audubon Society officials.

The plan has gone well, although the curious gooneys that insist on walking in front of equipment have slowed the job slightly.

Navy men are hopeful, however, that they've at last found a way of keeping their runways and aircraft approaches clear.

When the Seabees finish the paving—and if the gooneys run true to form—birds returning to their original nesting ground will be unable to build nests. These normally consist of loose sand and ironwood needles, no longer available on the hard-topped surface.

Thus, the Navy is crossing its collective fingers that it finally has conquered the lovable gooneys, some of which are household pets among the 3,000 servicemen and their families on lonely Midway.

But knowing the gooney as the Navy knows the gooney, those responsible for the current project aren't yet counting their—er—chickens.

Lausche, Young And Glenn Hit In Talk By Ball

VAN WERT, Ohio (AP)—Albert T. Ball of Cleveland, seeking the Democratic senatorial nomination in Ohio, has leveled attacks against Sens. Frank J. Lausche and Stephen Young and Lt. Col. John H. Glenn Jr.

Ball told a Jackson-Jefferson Day dinner here Tuesday night that entrance in Ohio's senatorial race by Glenn—and his subsequent withdrawal — was "shameful conduct to the people of Ohio."

While not mentioning Glenn by name, Ball said the former astronaut should have thought of the people of Ohio first. We know big interests forced him into this race against his own reasoning."

Glenn quit the race March 30 when a head injury prevented his release from the Marine Corps in time to campaign for the May 5 primary.

Of Lausche and Young, whose names he did not mention, Ball said:

"Our present senators have not seen fit to introduce or get sponsors on any of the bills that are needed."

Young, seeking re-election, is opposed in the primary by Ball and another unpublicized aspirant, William Hotchkiss of Akron.

Crushed To Death

CLEVELAND (AP)— James P. Stewart, 45, was crushed to death Tuesday night when a car he was working on apparently slipped off a jack and fell on him.

Keep In Trim

By IDA JEAN KAIN

Figure Out Why You Overeat

In a great many cases the desire to eat excessively is to let off steam and ward off tensions. A homemaker writes:

Ida Jean Kain

"Even when I am mad at the world and eat everything in sight, I still read your column and it helps me to try again. Your column is one of the bright spots in my day.

'A few weeks ago I joined the Weight Watchers of West New York. I am losing, but I have had a set - back which I hope to overcome with your diet plan. Two of my three children are overweight and could stand to lose 10 pounds each. They have been checked by the family doctor and he tells them to cut down but not to cut out. The oldest one has a blood sugar in the high normal, and sweets are restricted. I would be extremely grateful for any help you can give us."

—:—

ALL RIGHT, START with your own problem and tackle the fundamental cause; not the habit of overeating solely, but the cause. You recognize that when you are upset you use food as a release. Face what you are resenting, and bring it out; don't bury it. Honest fact-facing often brings needed enlightenment. You sense the futility of using food to appease your anger. It is obvious that you do want to face your problems in a mature way and take the responsibility for what you eat.

It is an excellent plan to join the Weight Watchers. When you are doing something with others, your will is bolstered by all those who are trying with you. This moral support makes your objective more valuable.

However, you still have to deal squarely with your own frustrations. Could you talk your problem over with someone professionally trained? Sometimes a single session can get your thinking on course. Also, what could you do to make your life more stimulating and exciting?

This line appeared in a letter: "Urge your dieters to get into things and find ways to make life more satisfying. I did not realize I was overeating because I was depressed. Once I made the effort to add other interests, the compulsion to stuff disappeared."

—:—

ON THE family diet score: The greatest favor you can do your family is to build all the meals around the protective foods...lean meat, fish, chicken, eggs, vegetables and fruits, milk and cheese, bread, butter and cereals. In shopping, choose lean cuts of meats and medium sizes of potatoes and fruits. Plan satisfying low - calorie meals.

Tonight at dinner use luncheon - size plates, and each have your own bread - and - butter plate, with individual portions to size. Get out of the habit of dessert. Sweets are not needed. It is the protective foods that will help your children grow and control their weight at the same time.

You are the leader, get the cooperation of your children. Make this a family project.

Letter Indicates Bad Guy Might Reform

YOUNGSTOWN, Ohio (AP)—Who says all robbers are bad guys?

Austintown police say they got a letter that indicates at least one bad guy might be reforming.

The letter contained $114 in cash and a printed note reading: "Gastown Station, North Jackson."

Harry Williams of Poland, manager of that service station, was robbed of $135 in cash by a gunman early last Sunday. Tuesday afternoon an anonymous telephone caller told Williams he had spent $21 and sent the rest of the money to the Austintown police.

35 Attend Workshop For Republican Group

Thirty - five attended a workshop held Monday night at the Carnegie Library by Wellsville Republican precinct committeemen.

Poll workers also attended. Frank R. O'Hanlon, clerk of the County Election Board, was guest speaker.

He provided information on the duties of committeemen and workers and reviewed how they are to conduct an election. A question - and - answer period followed, according to William Shoub, Republican city chairman.

2 Men Honored For Heroism In Ohio Flash Flood

COLUMBUS, Ohio (AP)—The Ohio Independent Telephone Association has honored two Marion men for a performance "beyond the call of duty."

The two men were credited with leading guests to safety from a motel on U.S. 40 west of Cambridge last June when a destructive flash flood hit the area.

The men, Theodore Oberteuffer and David Kirk, are both equipment installers for the General Telephone Co.'s Cambridge exchange area.

Motel owners said the two telephone employes saved at least two lives by means of their emergency first-aid and water rescue procedures. Each received silver trays with individualized engravings.

The tribute to the men came Tuesday during the 69th annual convention of the association.

The population of the world doubled between 1900 and 1962, and is now estimated at about 3,180,000,000.

SOME PRESCRIPTIONS ARE COMPOUNDED

Because we take great pride in our profession, the opportunity to prove our skill in compounding prescriptions is a welcome one. Many physicians prescribe special mixtures for their patients and whether it be powders, capsules, pills, suppositories, ointments or lotions we can prepare them.

If we tell you it will take some time to fill your prescription, the odds are that your physician has requested a compounded medication. The finished product may look the same but a great deal of time, training experience and effort have gone into it.

•

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

THE GIRL WOULDN'T DREAM OF WEARING HIGH-BUTTON SHOES

Certainly not.

Girls today wear light, bright, slender, tender real high heels and like that. Because she's young and modern, that's why. CONSTELLATION diamond designs are the same way. They swoop and sweep into a perfect modern setting to display the exciting Shaw's diamond. So if *your* girl has been born any time this side of 1900 she'll love it. ps—Shaw's has modern terms to suit *you*, too.

Constellation DIAMOND DESIGNS

Four peerless examples from the sophisticated designs in the new Constellation Collection. Top left, brilliant design of seven diamonds in a distinctive 14K gold mounting, $450; top right, luminous solitaire in 6-prong mounting with interlocking wedding band, $195. Bottom left, two delicate diamonds accent fine center diamond, 5 diamonds in curved wedding ring, $275; bottom right, lovely solitaire slimly styled with matching wedding band, $150.

Teacher Cuts Aired Before Lisbon Board

LISBON — The Village Board of Education Tuesday night deferred action on a proposal to reduce expenses by cutting back on instruction costs for the high school band and chorus and elementary art after 15 persons appeared to protest at the board's meeting in McKinley School.

Dr. Wade Bacon, president, explained the board was required to reduce its budget for next term from $540,000 to $522,000—a slash of $18,000 — because of defeat of a 3-mill levy at the general election in November.

He said he does not know if two teachers the board planned to drop could be rehired later, as state funds do not include grants for salaries of music and art teachers.

The board already has decided to drop one school bus for next term, eliminating the necessity for purchase of a new vehicle, he said.

James Kennedy, chorus director, declared he opposed the cutback in teaching units. If one instructor must tdach both the band and the chorus "one or the other will suffer," he said. He said he believes more students will benefit in later life from band and chorus than from athletic programs.

The protesting group, comprised of representatives of Band Parents, the Music Club and individuals, said if the board feels it must cut expenses it should look over all areas — including sports — rather than the music and art programs.

The board explained nothing definite has been done on the cuts. In connection with the sports program, it said all coaches also are teachers and part of their salaries comes to the system from the state.

Dr. Bacon said the board feels it is "obligated to give the best possible education with the limited funds available." In addition to the defeat of the operating levy, there has been a cutback in funds received from the state, the protesting group was told.

Dr. Bacon said the board expects to submit another levy in the fall, but the amount has not been determined.

Several visitors asked how long after approval of a new levy the music and art programs would be restored to their present level. Board members replied they could not estimate definitely, but felt the restoration might come in a year.

Most of the visitors conceded they could understand the board's financial plight, but they said they felt the board should study the entire school program before making adjustments.

In other business, the board adopted the 1964-65 school calendar providing for 180 classroom days.

It provides for a principal's meeting on Aug. 28 and a teacher's meeting on Aug. 31, with school opening on Sept. 1. Holidays would include: Sept. 7, Labor Day; Nov. 6, East Central Ohio Teachers' Association meeting; Nov. 26, Thanksgiving; Dec. 22-Jan. 4, Christmas vacation; Feb. 19, five-school workshop; April 9-19, spring vacation, and May 31, Memorial Day.

The board continued the question of renewing teacher contracts. Mrs. Elsie Schmidt and Mrs. Victoria Riggle were hired again as crossing guards at W. Lincoln Way and N. Market St.

The board, discussing the guidance program, renewed a contract with Croft Educational Services for $76 a year. It approved payment of $41.17 to the Leetonia Board of Education for its share of the expense of the five - school workshop in February.

Supt. Oliver Payne discussed the cancelation of the Senior Class play, reporting it was the first time in many years the seniors have not presented a drama. He reported on improvement of shower facilities at Lincoln School, plus installation of new lockers and repairs on lighting, floors and ceilings.

Dr. Bacon said several board members are expected to attend a spring meeting of the Northeast Ohio School Boards Association April 24 at Kent State University.

The Lisbon board will be host to the Leetonia, Columbiana, East Palestine and Wellsville school boards at a meeting April 30 at McKinley School. Wives of the board members also will attend.

Summer school was discussed. It was reported only 10 sutdents have expressed interest so far in seven curriculum areas. Mrs. Martha Bricker Skeels was authorized to receive a high school diploma after completing required courses. Bills of $40,592 were ordered paid.

The next meeting will be May 12 at 7:30 p. m.

Flood Claims Of Red Cross Hit $9,018

The Jefferson County Red Cross Chapter in Steubenville spent $9,018.10 in mass care and rehabilitation to victims of the Ohio River flood in March, George J. Barthold, disaster chairman, reported.

He listed expenditures to Empire, Irondale, Stratton and Toronto in the report.

A total of 400 families in the county lost all their household furnishings, while 362 families reported minor damage. Fifteen trailers were damaged heavily, Barthold said.

The chapter aided 950 disaster victims, operated two shelters and two feeding stations.

Barthold explained the chapter's financial assistance is granted outright, not to be repaid.

The chapter spent $4,577.23 in rehabilitation of 65 families in Empire on Route 7, one of the hardest-hit communities.

Other expenditures included $97.70 in Irondale, $342.31 for Midway, between Stratton and Empire, $905.77 in Stratton, and $250.67 in Toronto.

Lisbon's Altar And Rosary Society Aids Cancer Fund

A donation was made to the Columbiana County Cancer Crusade when the Altar and Rosary Society of St. George's Catholic Church of Lisbon met Monday night at the Parish Hall with Mrs. James McLaughlin, president, presiding.

The Decade of the Rosary led by Fr. William Hohman.

A report of the recent bake sale was given by Mrs. Thomas Fife.

Report Given On Meeting

Mrs. John Drovdlic gave a report of the National Council of Catholic Women of the Columbiana County Deanery which met March 21 at St. John's church at Summitville, and one on the NCCW executive board meeting held at Our Lady of Lourdes church of East Palestine, was given by Mrs. William Thompson.

"Activities and Achievements of the Retarded School of Elkton" was the program presented by R. Dale Ashton, teacher.

Mrs. Jerome Molina was awarded the birthday cake baked by Mrs. Thompson and Mrs. McLaughlin received a prize.

Mrs. Rachel Steitz, Mrs. Elmer Knecht, Mrs. W. B. Smith and Mrs. Charles Rogan were hostesses.

Next meeting is May 4 and hostesses will be Mrs. Joe Kusior, Miss Joann Klug, Mrs. R. Dale Ashton and Mrs. Prosper Morella.

Some 123 friends and relatives of Mr. and Mrs. Carl D. Bailey of Coleman Rd. attended the open house reception Sunday in honor of their 25th wedding anniversary.

Receiving with their parents were their daughters, Mrs. Robert John and Mrs. Duane Brinker. Their son, Airman 3C Oliver D. Bailey, stationed at Duluth, Minn., was unable to attend.

Silver and white bows, green springerie and lighted tapers in silver were the buffet table appointments. Covered with white lace, it was centered by a three-tiered anniversary cake, baked and decorated by Mrs. Robert Rockwell.

Also assisting with serving were Mrs. Brent Thompson, Miss Barbara Lozier and Mrs. Lloyd Bailey of Salem and Mrs. Howard Wilhelm and Mrs. Frank Bricker of Lisbon R. D.

Guests registered were from Newton Falls, Salem, Leetonia and Lisbon.

Farewell Staged For Member By East End Legion

Farewell gifts were presented to Kenneth Brooks, first vice commander and local Navy recruiter, at a joint meeting of American Legion Post 374 and auxiliary Monday night.

Brooks is being transferred to Portsmouth, N.H.

The East End post's gift was presented by Robert Poynter, post judge advocate, and the auxiliary gift was made by Mrs. Dorothy Galloway, president.

The Chuck Stull Memorial cancer roadblock will be held Saturday from 8 a. m. to 5 p.m.

Seven members were obligated by C. H. Moore and Fred Shaw, past commanders. They are Daniel P. Barton, Russell Tomlison, Ruth Crawford, Keith Tucker, Frank Fluno Jr., Mike Como and John C. Flora.

Robert C. Landfried, commander, presided. Dinner was served by the kitchen committee. Bert Keck, county commander, and Ross Turner, adjutant, were guests.

A dance will be held Saturday night with Russ Ludwig's orchestra furnishing the music.

The nation's oldest chartered railroad is the Baltimore & Ohio, set up in 1827. The second oldest railroad is the New York & Erie, chartered in 1832.

Wellsville Kiwanians Told Crucible 'Healthiest Firm'

The Crucible Steel Co. was termed "the most healthiest steel industry in the country" during a talk by Glenn Roberts, superintendent of community relations, before the Wellsville Kiwanis Club Tuesday noon at Platt's Tea Room.

Roberts said Crucible is not the richest or the largest steel industry, but that it is one of the few working at near top capacity.

He said the Midland plant employs over 6,000 and has an annual payroll of about $50 million.

Roberts said the plant is working at near capacity without the use of a blast furnace, which is being rebuilt. The firm is competing successfully with the foreign market and the company has made inroads into the European Common Market with a subsidiary plant, he said.

Roberts said it believes the firm is competing successfully with the Japanese steel market.

He reviewed the $20 million expansion program planned at Midland. Of this, $10 million is for a strip mill and $10 for a continuous casting process. When this casting mill is completed, it will enable Crucible to compete more with the Japanese market, Roberts said.

Roberts reviewed the market prospects for Crucible and said the firm now is the principal producer of bearing steel in the U. S. as the result of a new process developed.

Roberts was accompanied by Earl Rankin, supervisor of public information. They screened a film on early steel - making. The pictures were taken about 35 years ago at the Pittsburgh plant. The sound was dubbed in later. Roberts said its the only film of its kind in this country. Eighteen attended.

Ohioville Girl Scouts Plan Overnight Camp

Mrs. George Mastrovich, leader for Ohioville Junior Girl Scout Troop 155, today announced plans for an "overnite" at the Girl Scout cabins in Bradys Run Park May 8-9.

Any parent desiring to help or provide transportation may contact Mrs. Mastrovich.

Meetings in April will be training sessions in preparation for the trip.

The scouts went on a hike Saturday, accompanied by Mrs. Mastrovich, Mrs. George Flair and Miss Dorothy Robinson. Some members of Ohioville Brownie Troop 65 joined the hike.

Next meeting will be held Saturday from 2:30 to 4:30 p. m. in the fire hall.

Salineville PTA Plans Meeting On Thursday

SALINEVILLE — The Parent-Teacher Association will meet Thursday night at 8 at the Salineville School. Mrs. Virginia Kessler, Southern Local school nurse, is in charge of the program.

Edith Meyers of the Ohio Department of Health will be the speaker. Martin Adams is president. Members of the Board of Education will discuss the proposed 8.8-mill school levy.

Lisbon Area Garage Looted In Burglary

LISBON — An undetermined amount of recapped tires and tools were taken by burglars early this morning at the Lehman Ford Garage on Route 45 north.

Sheriff Russell J. VanFossan said Deputy David Brothers found the door on the north side of the building lying on the ground at 3:15. He called for assistance from Deputy Herman Wellman and Ptl. Kenneth McKenzie of the Lisbon police but they found no one in the building.

Guy Lehman, owner, was called and said that the tires and tools apparently was the only loot but that he would take inventory and advise the sheriff's office of the amount taken.

Report On State Park Given St. Clair Group

A report on Beaver Creek State Park and the restoration of the old Gaston Mill in the park was presented at a meeting of the St. Clair Development Association Monday night at the Glenmoor fire station.

Elmer Hiles, park manager, spoke about the park and the restoration project.

Emil Dominick and James Duffy of the Southeastern Water and Sewer District spoke on the proposed planning survey and project to obtain water for the St. Clair areas.

Ray Neidengard, vice president, was in charge. About 17 attended. Allen Dalrymple of Wellsville will speak on regional planning at the next meeting May 4.

Motorist Fined

LISBON — Henry R. Cole, 44, of Columbiana R. D. 2 was given a suspended fine Tuesday by County Judge James L. MacDonald for driving on an expired license. He was ordered to pay $6.50 in costs. In another State Highway Patrol arrest, William Eitner, 24, of Akron forfeited a $15 bond on charge of speeding.

Hancock Board Acts

Kitchen Project Set For Schools

The Hancock County Board of Education moved a step closer to its first school lunch program Monday night in receiving an architect's work schedule for equipping new centralized kitchens located in Chester and Weirton.

The kitchens were built earlier in the $5½ million school expansion program, but not equipped.

—:—

WILLIAM Kellam, architet, submitted a work schedule for completion of the centralized kitchens, setting May 15 as the date for completion of drawings and specifications and advertising for bids.

Food prepared in the kitchens at the Chester Primary School and Weir High School will be served in lunchrooms in schools throughout the county in an unique method.

Insulated carts known as "Thermo - Dukes," capable of holding 265 student meals, will keep the food hot for the trips from the centralized kitchens to schools in the vicinity. They will be loaded into trucks equipped with hydraulic lifts, transported to the schools, and wheeled into the school lunch rooms for serving.

—:—

KELLAM'S schedule calls for the kitchen work to be completed Sept. 14, and the first meals served on a limited basis on Oct. 1. He set Jan. 1, 1965 as the date for the centralized kitchens to begin full operations.

The kitchen at Chester will serve all schools in Grant and Clay Districts, including Oak Glen High School and New Cumberland Junior High. The other one in Weirton will serve all Butler District schools.

Supt. Hall estimated the cost of equipping both kitchens at $150,000. The student lunch program will be self-supporting, he said, with student lunches to cost about 25 or 30 cents. Presently, all county students either carry their lunches each day or eat in nearby restaurants.

—:—

THE centralized kitchen program is also used in the new Newark school system.

In other business, the board acted on routine requests and accepted the resignations of two teachers.

Mrs. Marjorie Fluhouse of Oak Glen was granted a leave of absence, effective in May. The resignations of Mrs. Zelda W. Brewer and Harry M. Haynes were received.

Mary Everly of New Cumberland was hired as an instructional aide to replace Miss Charlotte Morgan, who resigned.

Harry Wagaman, audio-visual aide instructor, was authorized to attend a convention in Rochester, N. Y. April 20-23.

—:—

USE OF THE Chester Junior High auditorium April 24 for a musical program was granted the Chester Parent - Teacher Association.

The Chester Junior High Band was granted permission to participate in the city's Memorial Day services May 30.

Mrs. Chloe Ann Jester of Oak Glen was authorized to attend a sewing lecture demonstration at Wheeling April 17, along with Carol Rice, Mrs. Dorothy Murray, Ethel Zakutansky and Ruth Glass.

Several Oak Glen students were authorized to attend Boys' State June 7-13 at Jackson Mills.

Mrs. Fluhouse was given permission to accompany three students to a business education conference April 24 at West Liberty.

—:—

THE OAK Glen Band was given permission to participate in the New Cumberland Memorial Day parade, the All - Sports parade in Weirton April 18, the Region 1 Band Festival at Weirton April 24, and an area band festival at Clarksburg May 1-2.

The Weir High Band was authorized 25 performances for the year, including a band camp, four concerts, five parades, two festivals, and 13 halftime shows at football games. Use of the school buses for the trips specified was authorized.

Bids were received for purchase of eight new school buses, and will be tabulated. Next meeting will be April 20.

In Asia, Latin America

U.S. Seeks More Allied Aid To Fight Red Threat

WASHINGTON (AP) — The United States is determinedly pressing its divided European allies to provide more backing and support for its fight against Communist aggression in Southeast Asia and Latin America.

The diplomatic strategy being followed by the Johnson administration on this and other disputed issues within the alliance is to bypass countries like France or Britain on questions where major disagreements exist and to form a united front with all the countries which are willing to cooperate.

These points of U.S. policy and strategy toward the North Atlantic Treaty Organization emerged clearly from a speech delivered to the Overseas Press Club in New York Tuesday night by Secretary of State Dean Rusk.

Rusk also sharply reminded the European allies who have tended to pull apart among themselves and from the United States as cold war tensions eased, that "massive Soviet ground and nuclear forces are still arrayed against Europe."

The Soviet Union, in fact, has "many more missiles" aimed at Western Europe than at the United States, he said. In these circumstances, he declared, "it would be foolhardy to dismantle the military strength of NATO."

Rusk did not give missile figures but a highly authoritative estimate puts the total of Soviet intermediate and medium-range ballistic missiles at 800, most or all of which are believed to be targeted on European objectives.

Against the United States the Russians have an estimated 100-plus intercontinental missiles, and up to 100 seaborne missiles. The United States has about 670 ICBM's in place and 192 seaborne Polarises.

Rusk said that on the military side NATO should increase its non-nuclear capacity for fighting limited wars. That is a frequently stated U.S. objective which the European allies usually ignore. Europe should also join in forming a strategic nuclear force, he said.

He reported the U.S. government and some other allies have in fact made "substantial and encouraging progress" in working out the problems involved in forming a seaborne fleet of 200 Polaris missiles. France has rejected this whole project and the British government is cooperating reluctantly. However, Britain is working with the other interested allies in a testship project.

What is needed beyond shoring up the military defenses, Rusk said, are "new patterns of collective action," especially for dealing with Communist expansion campaigns in Asia, Latin America and Africa.

"I have in mind," he said, "especially such countries as Laos and South Viet Nam, which are targets of aggression by Hanoi, with the support of the Chinese Communists, and Cuba, which is engaged in the export of arms, subversive agents, and guerrilla leaders to other Latin-American nations. We believe that the North Atlantic nations should recognize a common interest in seeing that these aggressions are brought to an end."

Honor Society's Induction Slated For 83 Students

Thirty - seven seniors and 46 juniors will be inducted into the National Honor Society's East Liverpool High School chapter at an assembly Friday at 3 p. m. in Memorial Auditorium.

Carl Pelini, high school principal, will lead the pledge and administer the oath after Terry Nusser, president, speaks on "Responsibilities of Membership" and talks on scholarship, leadership, service and character were given by Joyce Dingey, Margaret Rohrer, Toby Moidel and Tom Chema.

Richard Anderson will read the roll call for new members and Lynn Llewellyn will supervise the candlelighting ceremony.

Asst. Supt. George Hargraves will be principal speaker.

The assembly will open with a selection by the instrumental music department, the national anthem and flag salute and an introduction by Nusser.

The faculty committee in charge includes Harold Bricker, chairman, Harold Baldwin, Miss Carol Hand, Mrs. Cheryl Johns, Norman Six, Mrs. Naomi Robison, Reynold Peduzzi and James D. Ferguson.

County Uses Gas Chamber Dog Disposal

LISBON — The Columbiana County dog pound has started using a gas chamber for the humane disposal of stray dogs, operating the new facility at the County Home property. In two tests, the water - cooled carbon monoxide gas disposed of 20 dogs each in 7 to 10 minutes.

The chamber is in a 6-x-10-foot concrete block addition to the pound.

A contract is expected to be signed shortly by commissioner for a Cleveland scavenger to remove the carcasses twice a week for $25 per month.

Salem members of the County Humane Society met with county commissioners Jan. 28 and requested that the county dispose of the dogs instead of selling them to a collector for resale to laboratories for experiments. The society contended this was illegal and suggested the execution chamber be built.

Society members met again on Feb. 28 and commissioners said they had expected to have the chamber in operation, but weather and other difficulties caused a delay.

Russell Reichenbaugh of North Georgetown, county dog warden, said that state law requires the pound to hold a stray dog three days before disposing of the animal. All dogs should wear their license tags so the wardens can notify the owner.

Hancock Joins In Fund Appeal Of Cancer Group

WEIRTON — The Hancock - Brooke County Chapter of the American Cancer Society has opened its annual fund appeal, with this year's goal set at $16,000.

Mrs. David N. Thomas, state executive committee chairman, announced Hancock's goal is $12,000, and Brooke's $4,000.

At a kickoff luncheon Saturday at Williams Country Club, she presented a "Sword of Hope" citation to Mrs. Ray Conrad of Kings Creek for 18 years of dedicated service to the chapter. Mrs. Conrad's husband is disabled. Both her parents and also two sisters died of cancer.

Charles M. Brenneman of Weirton is serving his second year as Hancock-Brooke crusade chairman. About $2,500 in advanced gifts have already been collected in Hancock.

4 Suffer Injury In 2-Way Mishap

Two mothers and their young children were injured in a collision Monday afternoon on Route 168, two miles north of Frankfort Springs, Pennsylvania State Police at Carnegie reported.

Treated at City Hospital here were Mrs. Mary Tusing, 29, of Elyria, abrasions and contusions of the forehead; her daughter, Brenda, 6, laceration of the chin; Mrs. Lula Bell Martin, 28, of Tunnelton, W. Va., fractured left thumb and laceration of the left leg, and her son, Kenneth Martin, 3, laceration of the scalp.

All four were passengers in a car operated by Charles Tusing, 29, of Elyria, which was involved in an accident with a car operated by Robert E. Day, 33, of Beaver Falls.

State Police said both were headed north on Route 168 when Tusing began to pass as Day made a left turn in front of him.

'Makeup Clinic' Gives Polio Vaccine To 880

Richard Fusco, executive head of the Beaver County United Fund, said 880 persons attended a "makeup clinic" Monday night at the Beaver County Home and Hospital for persons who missed Type III Sabin polio vaccine in a countywide drive Sunday.

This raised to 138,000, about 69 per cent of the total population, the number receiving the Type III vaccine, Fusco said.

The final clinics will be held May 3 to administer Type II vaccine at 33 locations.

70 At Meeting Held For Area Radio Club

Seventy, including 23 visitors, attended the meeting of the Pennova Citizens Band Radio Club Sunday night at the Glenmoor fire hall.

Six new members, Robert Webb of Lisbon, George Thompson and Audrey Thompson, both of Smiths Ferry, and Robert Anderson, Joseph Anderson and Alvin Lukas, all of East Liverpool, were accepted.

Brooks Mayfield, president, presided. Next regular meeting will be held April 19 at 6 p.m. at the hall. Guests may attend.

Legion Post 4 Sets Election

Plans to elect officers May 4 were launched at a meeting of American Legion Post 4 Monday night at its headquarters in the Siff building.

Howard J. Kaufman and R. W. Johnston were elected as at-large members of the nominating committee to select a slate. They will serve with Isaac Jones, commander; Harold Taylor, adjutant, and I. J. Vorndran, finance officer.

Jones will head a delegation from the post to the meeting of the County Council Friday night in Columbiana. The delegation will leave from the post home at 7 p. m.

Taylor reported about a dozen books of trading stamps have been turned over to the post as part of a statewide Legion campaign to purchase new uniforms for the Orphans' Home band at Xenia. The campaign will continue through April.

Lunch was served by Ray Cunningham, third vice commander. About 25 attended.

Tompos To Sue State Over Ban On Band's Trip

State Sen. William Tompos of Weirton plans to file a taxpayer's suit against the West Virginia Secondary School Activities Commission, he announced, following the commission's steadfast refusal of allowing the Weir High School Band to accept a bid to the New York World's Fair this weekend.

Purpose of the suit, he says, is "to recover public funds used privately by this outside organization."

"They take funds from the ball games and also receive fees based on the number of students in school. When they use these funds, it is a violation. There is nothing in the law that regulates this committee," Tompos said.

Tompos said he also plans to start an investgation of "money expended by principals," an example of which is funds from school lunch programs, he said. He seeks to stimulate enforcement of the state legislature's act passed last year to audit books of the principals.

Discount Center Sets Expansion

The management of Bi-Low Discount Center, Inc., located in the old Erlanger building on E. 5th St., today announced the store's operations are being enlarged.

Additional space at the rear of the present location has been obtained and remodeled. The wall is being torn out and the new section will be open Thursday, although a grand opening is not planned until the latter part of April.

Robert L. Pickering, manager, said some remodeling also will be done to the front part of the store.

The new room measures about 40 x 30 feet and will be used for new lines of merchandise.

The single entrance off E. 5th St. will be maintained. Bi-Low was opened here April 12, 1962. It has stores in Steubenville and Beaver Falls.

The store employs four clerks.

Suit Seeks $25,000 In Ferris Wheel Fall

A $25,000 civil action has been filed in Common Pleas Court at Lisbon naming three defendants as a result of alleged injuries suffered by a child in a fall from a ferris wheel at Lake Marwin Aug. 11, 1963.

Filed by Mrs. Betty Shambaugh on behalf of her daughter, Brenda Lee, 6, the action names as defendants the Lake Marwin Association and Mercer Welding, Inc., and Merco Industries, Inc., both of Canfield.

Mrs. Shambaugh, whose address was not listed in the petition, alleges that her daughter was riding on the device when it was speeded up, causing the child to fall 15 to 20 feet. She claims negligence on the part of the park operator and the two companies that allegedly made the equipment.

Palestine Youth Fined On Delinquency Count

LISBON—Robert William Bolam, 19, of 775 W. Martin St., East Palestine, was given a suspended one-year jail sentence by Juvenile Judge Louis Tobin Monday for contributing to the delinquency of a minor East Palestine girl. He was also fined $200 and his driver's license was suspended for 90 days.

Bolam allegedly took the girl on a trip to New Mexico, along with another couple.

Judge Tocin suspended the jail sentence on good behavior. He has until Saturday to pay his fine.

PTA Elects At Pughtown

The nominating committee's report was accepted unanimously when the Pughtown Parent-Teacher Association met Monday night at the school. Mrs. Don Glenn was chairman.

Elected as new president was Mrs. Robert Golden, who succeeds Mrs. Austin Ford. Other officers are Mrs. James Beagle, vice president; Mrs. Wayne Archer, secretary, and Mrs. Eugene Cox, treasurer.

Mrs. Ford announced the annual banquet of County Council will be held May 18 at the Chester Masonic Temple, with reservations due by May 12.

The 55 - member combined chorus of fifth and sixth graders entertained with 16 songs. Mrs. Martha Scott, director, was accompanist.

Each teacher was presented a gift of a desk blotter. William Allison's sixth grade won the attendance banner.

The second grade mothers served refreshments, with Mrs. John Casagranda as chairman. Next meeting will be May 4.

Lancaster Youth Faces Charge Of Slaying Widow

LANCASTER, Ohio (AP)—A Lancaster teen-ager who police said gave a detailed confession of the slaying of a 43-year-old widow will be charged with the crime.

Fairfield County Prosecutor E. Raymond Morehart said Tuesday that the 16-year-old youth at first told them a story about seeing a strange man kill Mrs. Vanetta Brucker of Lancaster.

The victim, stabbed with an ice pick and slashed with a meat cleaver, was found late Monday in her combination grocery store-recreation center.

Sheriff Jack Blazer said the boy told him that the strange man gave him about $31 and told him to hide it at the Fairgrounds.

Blazer said the youth led officers to the money, hidden in a corner of a barn near the race track. At the same spot, deputies said they unearthed two diamond rings which they said belonged to Mrs. Brucker.

Later, a shirt, topcoat and trousers belonging to the boy, the sheriff said, were found in a trash can at the Lancaster-Fairfield Hospital. Stains on the clothing, officers said, were believed to be blood.

The youth was picked up at his home Tuesday afternoon after several persons told authorities they saw him at the murder scene.

Out Of The Air

By HAL HUMPHREY

Broadcasters Hold Victory Celebration

The glow hanging over the Chicago horizon this week reflects the radiant faces of the convening members of the National Association of Broadcasters.

Hal Humphrey

The NAB members have had a great year. Profits are up. Their Washington lobbyists can point proudly to a bill introduced and passed in the House to prohibit any federal regulation of radio - TV commercials. President Lyndon Johnson has a background in broadcasting, and although Lady Bird has put her Austin, Tex., broadcast interests in trust, the NAB feels Lyndon understands its problems.

-:-

EX-FCC CHAIRMAN Newton Minow took himself off the broadcasters' backs, and now that he is gone they've found the wounds he inflicted were only superficial.

One of Newton's parting shots was a half - hearted threat to do something about muffling too-loud commercials. His successor, E. William Henry, hasn't pressed the matter. Anyway, the NAB's Code Authority has the situation well in hand.

Code director Howard Bell said recently that his group is becoming "increasingly concerned over the issue of so-called 'loudness' in radio and TV commercials."

"Based on present information," he continues, "it is my understanding that many commercials are recorded by advertising agencies employing techniques that could produce an objectionable response from the listeners or viewers. . ."

-:-

MR. BELL should turn his hand to comedy writing or ghosting speeches for the current crop of political candidates.

As for the number of commercials, the NAB's Code Authority has a new amendment to its regulation on "multiple product announcements," or what are called "piggybacks" (two or more commercials in sequence).

The new amendment doesn't really eliminate "piggybacks." According to the Code Authority, it will, however, "encourage the production and presentation of integrated multiple product commercials which the viewers would regard as single announcements."

-:-

NAB MEMBERS aren't even mad at their president, LeRoy Collins, any more. When he had the temerity last year to suggest rigid regulation of cigarette advertising on radio and TV, some members were in favor of having LeRoy sent up for psychiatric treatment.

Now that the U. S. surgeon general's report is out and the Federal Trade Commission is threatening dire regulations, the NAB can point to LeRoy as a pioneer in the field of "moral responsibility." Happy days!

About the only thing the broadcasters haven't managed yet is a revocation of Section 315 in the FCC regulations, which prescribes equal time for political opponents taking to the air.

-:-

RUMOR HAS IT that friends of President Johnson's in Congress are holding up action on this one until he decides if he wants to debate his coming opponent on TV. The networks aren't likely to press the point hard enough to risk the displeasure of the President.

The final major address to the NAB members convening in Chicago was scheduled to be Rev. Billy Graham's at noon today. It may turn out to be the most outspoken speech on the entire agenda. Billy frowns on many of television's excesses, and he may give them a hell fire and brimstone lecture on the subject.

About the only likely result will be the resolve of some of the broadcasters to open up more free time on Sundays for religious programs — especially Billy Graham, if he happens to be in their neighborhood.

TV Highlights

TONIGHT

New Truck Acquired For County Home Use

LISBON — Commissioners awarded a $2,425 contract Monday to Mackall Motors of East Palestine to furnish a 1964 model Dodge two - ton truck for use at the County Home.

The price includes trade-in of a 1948 model Ford half - ton truck. Other bidders were: Community Motors of East Liverpool, $2,531; East Liverpool Central Service, Inc., $2,892; Sam Brown of Salem, $2,474, and Main Street Motors of East Palestine, $3,100.

Commissioners also approved a $300 slag grant for Butler Township. The next meeting will be Thursday from 10 a. m. to 4 p. m.

New Members Sought By Firemen In Newell

Newell volunteer firemen today appealed for new members to help serve the community, asking in particular for volunteers in the range of 21 years and residents of the community for a year or more.

At Monday night's meeting, the department returned C. R. Rayburn to the active list. The former chief had been made inactive a few weeks ago. Arnie Durham, who is Newell's postmaster, was put on the inactive list after 10 years service.

Firemen plan to begin their drive for maintenance funds this week. All who solicit will wear official hats for identification. Rural areas will be solicited later.

The number of tourists visiting national parks in the United States has more than doubled in the past ten years.

Newell Lions Nominate To Pick Officers

Plans were launched for the annual election of officers with the report of the nominating committee when the Newell Lions Club met Monday night at the Watson House on Route 66.

The nominating committee included William McGown, chairman, Albert Logston, J. Fred Allison and Dick Smith.

They presented this slate for the election on April 20:

Ed Fahnert, president; Roger Cline, first vice president; John McKenzie, second vice president; Harry Skeeles, third vice president; Richard Smith, secretary; L. A. Rush, treasurer; Earl Cordray, tail twister; Ronald Eckleberry, lion tamer, and Leonard Copestick, Dana Howell and Allison, directors.

Other committee reports were received, and a donation was authorized for the Hancock County Society for Crippled Children and Adults.

The program featured a talk on communications of the future being developed by the Bell System laboratories by Fred Bright of the Ohio Bell Telephone Co.

Thomas W. Miller, president, presided. Next meeting is April 20 at the Shamrock Restaurant. Installation of officers is planned May 18.

Printers Donate To Scholar Fund

A $100 contribution to the Citizens Scholarship Foundation was authorized Monday night by International Typographical Union Local 318, composed of city printers.

Robert Conroy, chairman of the "Dollars for Scholars" campaign for funds to aid qualified students enter college, said the contribution marks the first $100 gift from a union since the foundation was organized two years ago.

The 36-member union includes printers at The Review, Potters Herald, Keystone Printing Co., Wilson Printing Co. and Wellsville Press.

Charles Brookes, president, said the union had been considering a scholarship of its own, but decided the foundation program was the best means of providing aid to local students.

Bringing Up A Family

By DR. GARRY MYERS

Fussy Boy's Diet Not Well Balanced

Most eating problems we read about in books and magazines and hear about on the air deal with babies and children under six. But I receive many letters about picky eaters among older children, between, say, six and ten years of age. Of a boy 8 years old, reported to have the highest grades of his class, his mother writes from Indiana:

Dr. Garry Myers

"We have tried everything to get him to eat for the last six years. I've given up since he started to school, hoping he will notice other kids do eat things besides catsup and mustard sandwiches or cheese sandwiches.

He drinks milk, and occasionally eats an egg or cottage cheese. The only meat he will eat is a hamburger or lunch meat (once in a great while). French fries and potato chips are the extent of his vegetable intake.

—:—

"HE DOES LOVE peanuts and peanut butter. He doesn't care much for sweets.

"I'm a good cook and try to serve balanced meals. The children's doctor says he will grow out of it but how long will it take?"

My reply in part. Since, as you say, you have tried everything to get your boy to eat all the nourishing foods you provide, there must have been years of angry words and feelings over his eating at mealtime.

You infer that you also have let him substitute his few favorite foods for other foods at the table. For years, no doubt, you have got him his favorite sandwich or he has gone to the kitchen and made it himself, when the meal for the family doesn't suit him. Fortunately, he doesn't consume many sweets at meals or between meals.

From milk, eggs, peanut butter, cottage cheese, plus cheese and other sandwiches, he derives considerable calcium and protein and other nutrients. Unfortunately, he doesn't get any leafy vegetables, or any string beans, carrots or others rich in essential vitamins.

—:—

HIS CHIEF PROBLEM is not having learned to enjoy the regular meals of the family. Thereby he not only misses some essential foods, but is following patterns of food habits which will handicap him socially.

Already you and the whole family have had years of annoyance. Control yourself, so as not to express annoyance over his eating ways; don't coax him about them.

Put further emphasis on cultivating a relaxed and calm mealtime. Turn off the radio and TV so your son can share in the family conversation.

Don't command him to have any particular food. When you try to lure him into eating an unfamiliar food or one he dislikes, let him know that by taking a tiny taste of this food, and perhaps a bit more at a later meal, he could learn to enjoy it.

—:—

LET HIM NAME his preferences for one or two meals a week before you prepare them. Also let him know that at other meals you will not prepare him any of his specials nor let him do so himself.

Also don't let him fix sandwiches between meals. Limit his spending allowance so he can't buy his favorites at the store. In general, you should cut down on his special foods, gradually.

My bulletins, "Eating Problems: Their Prevention and Solution I and II" and "Enjoying Our Children," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Counselors Needed

UNIVERSITY PARK, Pa. (AP) — A contract for $84,200 for conducting a Counselling and Guidance Training Institute was recently awarded to Pennsylvania State University under the National Defense Education Act. Arthur M. Wellington, director of the Institute, said there is a need for 25,000 school counselors in the nation right now and that a further need for 5,000 new counselors each year through 1970 is anticipated.

GUEST BARBER-SHOPPERS. These two quartets, "The Pittsburghers" in a group, and "The Four Rascals" standing in a row, will headline the 15th annual "Parade of Quartets" of the East Liverpool SPEBSQSA Chapter Saturday night and Sunday afternoon at Westgate School. "The Pittsburghers" are past international champs and the Marblehead, (Mass.,) Rascals placed in the top five quartets at the last two international competitions. "The Village Idiots" of Euclid, 1963 international semi-finalists, also will appear. Dale Keddie, Charles Brooks, Jim Raffle and Bill Brooks, members of the local quartet, "The Colonials," will complete the program. The chorus will sing under the direction of Glenn Woods. Larry Bruno of Beaver Falls will be master of ceremonies. Sam Wolfe, president, will extend greetings. There will be some tickets available at the door Saturday night and there are good tickets for Sunday afternoon. Tickets for the afterglow at St. Aloysius Parochial School Hall may be obtained from members. The chapter will contribute 50 per cent of the net profit to the Citizens Scholarship Foundation.

Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures will average three to six degrees below normal. Normal high 55-56, normal low 34-38. Warmer late Thursday and Friday, cooler over weekend, warmer again by Monday. Rainfall will be below normal, averaging one-fourth inch in scattered showers first of next week.

Hints *from* Heloise

— By Heloise Cruse —

Dear Mommies: That is, those of you who are fortunate to have little babies in diapers.

We get so many letters about clean diapers, stiff diapers, grey diapers, etc., that I am going to try to answer your questions all in one column.

My method of washing diapers has been approved by doctors, institutes, etc. Even Laundromats have written that for the first time people are getting beautiful "results" with my diaper method.

It has been established by the above sources that some diaper rashes are caused by "ammonia," an after product of wet diapers.

-:-

THIS CAN be neutralized by rinsing your diapers in vinegar water after washing them! There goes my old vinegar again . . .

Here's how:

After running your diapers through the complete washing machine cycle . . . turn your washing machine on rinse AGAIN, fill the machine only half full of hot water, and add one cup full of vinegar (color of vinegar seems to make no difference). Then let the machine go through the rinse and spin cycle and DO NOT RINSE AGAIN!

Leave the vinegar solution in the diapers. The vinegar odor will leave when the diapers are dried in the dryer or on your clothes line.

I say (and will stand by it 'til my dyin' day) . . . that after proper washing, a rinsing in vinegar-water solution can't be beat.

Vinegar, in my estimation and many manufacturers, chemists—and laundry people have written that they agree with me, is about the best there is for rinsing. Take my word for it: Vinegar neutralizes the ammonia in diapers.

Vinegar also helps to keep the rest of your laundry sweet and clean . . .

-:-

DO YOU HAVE a favorite blouse or housedress which you wash and iron each week and yet it never really smells fresh and clean? This problem is especially bad in navy blues and blacks.

This (in my short and understandable words . . . I hope!) is caused by perspiration which has accumulated and has not been neutralized enough by deodorants or by proper rinsing, etc.

Wash the garment and rinse it well, then soak it in some strong vinegar water if applicable to your material, THEN take your hands and rub briskly. DO NOT rinse this vinegar solution out. Let dry and proceed as usual . . .

See what happens!

After a few times you will be back to good, clean, sweet-smelling clothes.

Many women have written that their ironing is easier after using the above method in their entire laundry on wash days.

So if you have these problems, do try a rinse in vinegar.

-:-

TELL YOU WHAT. Take only half of your diapers and try this method on them for a few weeks and just feel and see the difference yourself between your present washing method and the Heloise method. Do your own testing . . .

Bet you will be mighty surprised!

I love all your babies, so if you have diaper problems try rinsing them in a vinegar solution with water and see how soft they are!

Write to Heloise any time. I'm here to help YOU.

HELOISE.

Kansas City Race Issue Vote Close

KANSAS CITY, Mo. (AP)—In an amazing surge of votes but by slightly less than 1 per cent, Kansas City voters affirmed Tuesday an expansion of an ordinance forbidding racial discrimination in establishments which trade with the public.

The unofficial count was 45,476 to 43,733—a margin of 1,743 in a total vote of 89,209. This represented 42 per cent of the registered voters.

Only once before, in 1950 on a school bond issue, have so many turned out in a special election. Only 68,196 voted last December after a strident campaign which led to adoption of a municipal tax on earnings.

Robert P. Lyons, cochairman of the People for Public Accommodations, said, 'I think it is significant that our citizens voted in greater numbers on a matter of human rights than on something that affected their pocketbooks."

Some good cooks like to use coarsely broken crackers instead of fine cracker crumbs in preparing scalloped seafood dishes.

Junior Editors Quiz on ETIQUETTE

QUESTION: Why do we need etiquette?

★ ★ ★

ANSWER: Etiquette simply makes living with other people more comfortable. The word etiquette comes from an old French word meaning ticket. It later came to mean a particular routine of behavior, especially at the courts of kings. Charles I and II of England copied the rules from the French and these rules then spread to the rest of the world.

Most rules of etiquette have good reasons behind them, but in some cases the reason has disappeared, such as in shaking hands. In the Middle Ages, when two men met, they extended their right hands and shook hands to show they would not use their swords. Today the handshake remains as a gesture of courtesy. Etiquette between men and women is also based on good reasons, some of which also disappeared with time. When women wore long flowing skirts, it was difficult for them to get out of a carriage. Today it is polite for a man to be ready to help a woman out of a car, even though she doesn't have a long skirt. Other rules are based on so-called "good taste." These are things which we do not do because they would offend other people. Many table manners are based on good taste — we don't talk with our mouths full or eat with our fingers.

★ ★ ★

FOR YOU TO DO: Give the idea of looking out for the other fellow's interests a try and see if your friends don't like you even better than before.
